INSURANCE OFFICES.

WISCONSIN Home Insurance Office, No. 6 Kneeland's Block. MILWAUKEE, WISCONSIN, MARCH 30, 1855. INSURANCE EFFECTED UPON DWELLING HOUSES, Stores and other Buildings, Household Furniture, Merchandise and other property, against LOSS OR DAMAGE BY FIRE. This is a new Company, organized the 26th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, or on either Fire or Marine risks; but to the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the Insuring Public, has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual System in one Company. This Company commenced business with a capital of $50,000, and have already issued upwards of 150 policies; and it is believed that, with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred. The recent failures of several of the old Stock Companies, among the most prominent of which are the Protection and Columbus, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent insurance men in the stock plan of insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle. As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take none except first class risks and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk, in Village, within a circle of 4 in rods diameter which of course will present very great loss at one fire. Applications for Insurance, respectfully solicited. ☞ Agents wanted for the above Company.

DIRECTORS: George Bowman, A. B. Van Cott, Winfield Smith, Edwin Palmer, Charles Quin, Edward Button, E. B. Wolcott, Samuel Bishop, A. T. Mallory. OFFICERS: GEORGE BOWMAN, President. E. B. WOLCOTT, Vice President. A. T. MALLORY, Secretary. WINFIELD SMITH, Treasurer. SAMUEL BISHOP, Attorney. apr2

Highly Important to Farmers. The only Exclusive Farmers' Insurance Company in the West. **THE MADISON MUTUAL,** Located at Madison, Wisconsin. THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies. All losses promptly paid at the office as soon as proof is made thereon. We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, only your own of the same class, and all will be on an equal footing. Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected POSITIVELY by LETTING THEM ALONE. Farmers, look to your own interest, and insure in a Farmers' Company. We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a prosperous business, which we believe to be without a parallel in the history of insurance. The best of references given as to the responsibility of the Company. Travelling Agents wanted for Wisconsin, Iowa, Minnesota, Illinois, Indiana and Michigan. N. W. DEAN, President. B. F. HOPKINS, Secretary. C. C. OLIN, General Agent. L. J. FARWELL, Treasurer. aug16wlyr

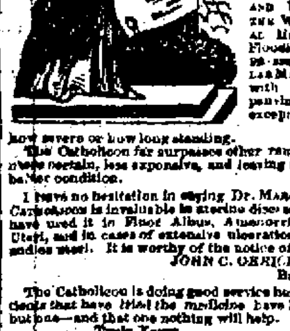

ÆTNA INSURANCE COMPANY —OF— HARTFORD, CONNECTICUT. Capital 300,000 Dollars, Agent's Office, No. 9, Martin's Block, Milwaukee, WISCONSIN. THIS COMPANY was organized in the year 1819, under a perpetual Charter, and insures against loss or damage by fire, Dwelling Houses, Stores, Manufacturing Establishments, Household Furniture and Merchandise in general, on terms as favorable as a sound and healthy condition will warrant. THOMAS K. BRACE, President. R. G. RIPLEY, Secretary. jal WILLIAM J. WHALING, Agent.

MILWAUKEE MUTUAL FIRE INSURANCE COMPANY. Office in Martin's Block, Milwaukee. Capital over $165,000—in Cash and Premium Notes. THIS Company offers unrivalled facilities for the insurance of Buildings and Personal Property against fire. The advantages offered are security beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of existing capital. Every person insured is a member of the Company, and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, saying nothing of the increased security and the incomparable ease with which losses are settled. During the last five years this Company have issued 3600 Policies, and during the three assessments at a cost to the property insured, not exceeding two mills on the dollar. Its business is principally confined to this State. F. B. HILL, Secy. S. L. DAGGETT, Pres't. R. J. FOWLER. CITY AGENT. F. M. WALLACE, Travelling Agent. apr6

Milwaukee Office, No. 4 Juneau Block. JOHN C. SMITH, ANDREW J. AIKENS, } Agents. THIS Company offers no competition for Business, nor does it propose to make large dividends, but based as it is on rates that have sustained other Companies for a long period of years, and being Mutual in its principles, what profits there may accrue, after a safe and a true calculation will be divided among the holders of Life Policies every five years. DR. J. B. MARCHISI'S CELEBRATED CATHOLICON, For the Relief and Cure of Suffering Females.

IT STANDS PRE-eminent for its curative powers in all the diseases for which it is recommended usually called Female Complaints. Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation, and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing. The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition. I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhoea, Prolapsus Uteri, and in cases of extensive ulceration of the vaginal and os uteri. It is worthy of the notice of the Faculty. JOHN C. ORRICK, M. D., Baltimore, Md. The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help. Truly Yours, WM. LAIRD HAZLETT, M. D., July 8th, 1854. New Philadelphia, Ohio. I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus, and all irregular and painful menstruation, and diseases of irritation of the female organs. D. Y. FOOTE, M. D., Syracuse, N. Y. Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the beneficial results of its use; together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations. INSURANCE OFFICES

WISCONSIN
Home Insurance Office,
No. 6 Kneeland's Block.
MILWAUKEE, WISCONSIN, MARCH 20, 1855.
INSURANCE EFFECTED UPON DWELLING HOUSes, Stores and other Buildings Household Furniture, Merchandize and other property, against
LOSS OR DAMAGE BY FIRE.
This is a new Company, organized the 20th of January last, on the Mutual plan, with the privilege by the charter of doing business on the Cash plan, upon either Fire or Marine risks; but for the present time the business has been confined to the Mutual system of Insurance, and the very favorable and flattering manner in which the same has been received by the Insuring Public, has induced the Directors to make it a purely Mutual Company. Besides this, it is believed that the recent failures of many of the Eastern Companies has been owing mainly to the combination of the Cash and Mutual System, in one Company.
This Company commenced business with a capital of $50,000, and have already issued upwards of 150 policies; and it is believed that, with proper caution as to the selection of risks, and rigid economy in expenses, we shall soon be enabled to make this Company such a one as will generally be preferred.
The recent failures of several of the old Stock Companies, among the most prominent of which are the Protection and Columbia, although it is believed that their business was conducted in the most proper manner, has had a tendency to shake the confidence of many of the most reliable and prominent insurance men in the Stock plan of Insurance, and have induced them to believe that the only safe and reliable Companies are those conducted on the Mutual principle.
As it is the design of the Directors to do a profitable, rather than a large and therefore doubtful business, the company will take none except first class risks and at such rates as are deemed fully adequate to the risk. Agents are also instructed not to take to exceed $1000 upon any one risk in Village, within a circle of 4 to rods diameter which of course will present very great loss at one fire.
Applications for Insurance, respectfully solicited.

Highly Important to Farmers.
The only Exclusive Farmers' Insurance Company in the West.
THE MADISON MUTUAL,
Located at Madison, Wisconsin.
THIS COMPANY CONTINUES TO TAKE RISKS upon Farm Property only, consisting of buildings of all kinds, (belonging to farmers,) household furniture, grain in barns, live stock, &c., from one to five years, at lower rates than most other responsible Companies.
All losses promptly paid at the office as soon as proof is made thereon.
We believe it to be for the interest of the farmers to insure by themselves, their property being less hazardous than any other, consequently you will have no losses, and your own of the same class, and all will be on an equal rating.
Experience has shown that two-thirds if not three-fourths of all the fires that occur are upon stores, taverns, mills, shops, and such like property. In this Company all such property is rejected positively by letting them alone.
Farmers, look to your own interest, and insure in a Farmers' Company.
We have been doing business a little over three years, and we have not been obliged to assess our premium notes, and for the last fourteen months we have not had a single dollar loss, though doing a large and prosperous business, which we believe to be without a parallel in the history of insurance.
The best of references given as to the responsibility of the Company.

DR. J. B. MARCHISI'S
CELEBRATED CATHOLICON,
For the Relief and Cure of Suffering Females!

IT STANDS PREeminent for its curative powers in all the diseases for which it is recommended, usually called
Female Complaints.
Of these are Prolapsus Uteri, or Falling of the Womb; Fluor Albus, or Whites; Chronic Inflammation and Ulceration of the Womb; Incidental Hemorrhage, or Flooding; Painful, Suppressed and Irregular Menstruation, &c., with all their accompanying evils, (Cancer excepted,) no matter how severe or how long standing.
The Catholicon far surpasses other remedies, in being more certain, less expensive, and leaving the system in better condition.
I have no hesitation in saying Dr. Marchisi's Uterine Catholicon is invaluable in uterine diseases generally. I have used it in Fluor Albus, Amenorrhœa, Prolapsus Uteri, and in cases of extensive ulceration of the vagina and os uteri. It is worthy of the notice of the Faculty.
JOHN C. ORRICK, M. D.,
Baltimore, Md.
The Catholicon is doing good service here. All the patients that have tried the medicine have been benefited but one—and that one nothing will help.
Truly Yours,
WM. LAIRD HAZLETT, M. D.,
July 8th, 1854. New Philadelphia, Ohio.
I must say, from my own experience and personal observations in my practice, it has proved to be the best and safest remedy for the difficulties for which it is recommended, viz: that of female weakness, such as Prolapsus Uteri, Fluor Albus and all irregular and painful menstruation, and diseases of irritation of the female organs.
D. Y. FOOTE, M. D.,
Syracuse, N. Y.
Those needing such a remedy should inquire into the merits of this medicine, and by calling at the store of the undersigned can obtain a pamphlet (free) containing ample proof, from the most respectable sources, of the bona fide evidence, together with letters from highly experienced Physicians, who have used it in their practice, and speak from their own observations.

Close of the Session.

The Legislature of this State closed its session ... Monday. ... an unusually large amount of local legislation has been done, but very few laws of general application have been enacted. As the prominent feature of the present session ... that the controlling majority, though ... commenced the work with strong professions of economy, have managed to roll up a greater amount of taxation than has been done any previous session of this State.—[Watertown Democrat.

It ... we think, to expend any considerable amount of time and labor in exposing and refuting such statements as the above. No one who has read, and can understand the actual condition of things at Madison, needs any further explanation. The simple truth is known to be, in regard to the deficiency in the Treasury, that the funds were all drawn out, and some $38,000 borrowed from the School Fund, long before the 1st of January, '55, and that nearly, or quite $100,000 of the liabilities of '54 were still unpaid, and much not appropriated had to be met from funds which came into the Treasury this year. Of course the vaults were dry long before the session closed. The liabilities incurred by the Legislature this year, *do not exceed one half* of those incurred last year; but the *deficiency* in the Treasury has to be provided for by a heavy tax which would have been doubled if the Lu... ... in operation had not been nipped in the bud. Our democratic friends will make poor headway in deceiving the people on this subject.

WATERTOWN CITY.—A very spirited election was held in Watertown, Tuesday, and resulted in the ... triumph of the Anti-Barstow party.—[Sentinel, April 5th.

We said yesterday, that the issue was Barstow and anti-Barstow. *We are assured however, that local ... reasons controlled the result.*—[Sentinel, April 6th.

Of course the first statement, retracted the next day was made with no knowledge whatever of the facts. It was a mere reckless announcement which would answer the purpose equally well, if true, or if uncontradicted by some one who knew the real state of things.—[Madison Democrat.

"Of course" the official organ of "Barstow and the Balance," being accustomed to lie, recklessly and indiscriminately, about its political opponents, suspects others of the like "brazen mendacity." The *Sentinel* had good authority for both the above statements. Our first information came from the victorious party, who also claim that the issue in the Watertown city election was "Barstow or anti-Barstow," and in which the former was signally defeated. Our second statement was made at the request and upon the authority of the vanquished party, who insist that local and not political considerations controlled the result. A difference of opinion as to the issues involved and decided in a political contest, is by no means rare, between those who win and those who lose. But all parties, we imagine, are agreed as to the fact that "Barstow and the Balance" are in a woful minority in Watertown, as elsewhere throughout our State.

THE FUTURE OF THE KANSAS QUESTION.—The Buffalo *Republic*, (dem.) in article upon the subject of the late Kansas election, uses the following language. We quote it as showing how ... the issue is being made between the Slavery extensionists and the friends of Freedom.—The days of Compromise with the aggressive spirit of Slavery are indeed over, or we greatly mistake the signs of the times. The Free States have at length been driven to the wall, and the ... of ... show the calm determination of a people that the Federal Government shall return to its first principles, and that all its power and patronage shall not be longer used for the extension and perpetuation of Slavery:

At the recent election in Kansas the friends of slavery triumphed. Of this there can be no doubt. The triumph, too, was secured by the practical ... of the principle of squatter sovereignty, ... numbers of the residents of Missouri, who had no idea of making Kansas their home, having gone to that territory to control the results of the election. They have controlled them, and Kansas bids fair to become a slave state, and to receive in Congress, when she applies for admission, ... discussion of the "vexed question of slavery." Well, let the discussion come. It has not been invited by the north, but the north is prepared for it. Nor will the opponents of the extension of slavery be again driven into a compromise by the threats of the slave power and the fears of the timid. Indeed, all are convinced that slavery is aggressive, and that the north must either silently accede to all of its demands or resolutely oppose them. Compromises are out of the question. They are made by the south only to be broken whenever the occasion calls for such a violation of good faith and national honor.

NASHOTAH THEOLOGICAL SEMINARY.—The corner stone of the new building at Nashotah, "Ernest White Hall," will be laid, with appropriate ceremonies by Bishop KEMPER, on Thursday (to-morrow) afternoon, at 3 o'clock. Persons desirous of being present at the ceremony, can go to Nashotah by taking the Milwaukee and Watertown cars to Pine Lake, or Oconomowoc, where carriages can be obtained to convey them to the Mission.

ENLISTMENTS.—It is stated that the enlistments for the new regiments of the U. S. army are proceeding rapidly, those engaged being of a better class of men than usual, and obtained from the agricultural districts of the interior. Some six or seven hundred recruits have already been sent to Jefferson Barracks.

"IRON COUNTY" IN NEW HAMPSHIRE.—The ... democrat, supposed to be elected to the Senate in New Hampshire, was at the last accounts trembling for his chances. In the old ... of ..., Coos County, he has ... 5,353 votes, and two small towns yet to hear from. ... however, cast about ... "doubtful" vote last year, he is probably elected.

WESTERN MONEY IN ST. LOUIS.—The St. Louis ... of the 7th, commenting upon the fact that the notes of all the Illinois and Wisconsin suspended Banks are now redeemed at par, ...

The consequence of this is, that the notes of all the Wisconsin and Illinois Free Banks are now currency with the Bankers of this city.

The Banking laws of these two States seem ... in giving security to ... which is the most important consideration after all in any Banking system.

... MAGAZINE for April. GRIFFITHS & ..., 115 & 117 Nassau St., N. Y. The April number of this sterling periodical has just come to hand, and we are glad to see that it improves in character with age. The valuable information furnished by it to builders, merchants, forwarders, and all who take an interest in the statistics of commerce, ought to give this Magazine a very large circulation throughout the country.

EXPLODED.—The Steamer *Reindeer*, plying between St. Louis and Alton, was "blown up" on Saturday evening last, and three persons killed and several others badly scalded.

DEATH PENALTY RESTORED!—The Legislature during its recent session, by a decided majority, repealed the law abolishing the penalty of death, in case of conviction for murder or other capital crime.—[Fox Lake Times.

The bill alluded to passed the Assembly by a large majority, but failed in the Senate.

... ROBBERY ...—We learn by officer ..., that one of the persons beaten at the Ten Mile House a few days since, is not expected to recover. It is said that $600 was stolen from the house and that Smith was beaten so as to leave him insensible, with several wounds on his head.

The *Journal* estimates the County at 100 majority only for Crawford.

JEFFERSON COUNTY.—Lake Mills gives Cole 141 majority; Aztalan, 51 do.; Waterloo 160 do, and Milford 17 for Crawford. The county must have given Cole 2 to 300 majority.

KENOSHA COUNTY OFFICIAL.—The official canvass shows the following result in Kenosha County:—Orsamus Cole 1026, Samuel Crawford 626—Cole's majority 400.

PORTAGE COUNTY.—Stevens' Point elects democratic town officers mostly, and gave 75 majority for Crawford. The County has probably given 200 to 250 majority for Crawford.

DEMAGOGUEISM.—A correspondent of the Kenosha *Telegraph*, writing from the town of Paris, under date of the 4th instant, says:

The whole number of votes given for Judge, was 144; of this number, Mr. Cole received 87, and Judge Crawford 57. Many of the votes for the Judge were cast under a misapprehension of the position of Mr. C. in regard to Know Nothingism, especially on the part of German citizens, several votes for Crawford in German letters. The point at issue seemed to be disregarded by them, so fearful were they that Mr. Cole was a Know Nothing. The deception which has thus been practiced upon them, can be regarded only as the meanest and lowest Wisconsin demagogueism.

There was a concerted and strenuous effort to rally the German and Irish electors of this State to the support of JUDGE CRAWFORD, by raising this "Know-Nothing" cry against Mr. COLE.—Those who employed this argument knew, of course, that it was a mere electioneering lie.—Nevertheless it was industriously used, and so far successful as to induce the Germans and Irish in this city and other localities, to vote *en masse* for Crawford. Happily the "Rural Districts" counteracted all such base influences, and rolled up an overwhelming vote for Mr COLE. But do not our German and Irish fellow-citizens see that the *inevitable* result of such clannish votes and organizations on their part, is to strengthen and justify that very "Native American" party, which the leaders of the Sham Democracy use as a scare-crow to frighten foreign-born voters into the support of their men and measures, no matter how unworthy or objectionable?

SHANGHAI TESTIMONY.—The *Sentinel*, has not, it seems, the highest opinion of all the acts of its party in the recent Legislature.—It speaks as follows of the establishment of the new Judicial Circuit:

We have already and repeatedly borne our testimony against this Legislative vice of carving out Judicial districts, to provide comfortable berths for some lazy lawyers.

The particular district which the above refers to is Judge Howe's. It was composed of eight counties, four of which were small and new. The whole district did not occupy a Judge's time over 5 months in the year. But "a place" was wanted for some favorite of the Shanghai party, and they made it for him, by the addition of $1 500 more to the burden of taxation which the people of the State are to bear.—[Madison Democrat.

Such is the way in which the "Forty Thieves" organ treats this question. The *Sentinel* objected, as well to the increase of these Judicial Circuits by the Republican, as by Democratic Legislatures. The *Democrat* quite approves of the creation of *three* new Circuits by the last Democratic Legislature, but is dreadfully shocked at the addition of *one* by the Republicans. We know of no "favorite" of our party who is to be provided for in the new Circuit, tho' it is notorious that the three circuits carved out last year were designed for "favorites" of the "Barstow and Balance" party. But THE PEOPLE "blocked the game."

It may be well to add that the creation of this new Circuit was, in no sense, a Republican measure. It originated with, and was urged forward by gentlemen of the Democratic Party.

None of the figures contained in the Report of the Committee of the Milwaukee Board of Trade, except a part of the Imports and Exports, ever appeared in the Sentinel, till this morning. The Table of Manufactures required several day's labor of the entire committee of *five* efficient men, and for the Sentinel to claim it, is nothing but downright impudence.—[Wisconsin of yesterday.

We have no idea of quarrelling with anyone over the Report referred to. The Table of manufactures is a very interesting table, and that much of the Report is now, and must have cost the Committee considerable labor, but the tables of Exports and Imports *are* the result of a fortnight's hard work for the *Sentinel*, and were published last December, as is well known.—And the table of Comparative Exports is taken from our Tables published annually, and gathered by ourselves. We have no objection in the world to the use of our figures by the Board of Trade and cannot see that our testy neighbor is called upon for a defence of the Committee, and, what is more, we don't suppose that the Committee will be overpowering in their thanks for the one which the *Wisconsin* has furnished, unasked.

OUR MEMBERS.—The Legislature has adjourned, and our members have again returned to their homes to receive from their constituents the plaudit of having well discharged their duty.—No county in the State has been more faithfully or ably represented than Winnebago.—[Oshkosh Democrat.

True for you, neighbor of the *Democrat*. Messrs. Gary and Welch were from first to last, faithful to their trust, and among the most laborious and useful members of the Legislature. Old Winnebago *was* well represented.

INEBRIATE WISDOM.—The New Orleans *Bulletin* of the 19th ult complains, that on the last night of the session of the Lousiana Legislature all the members were under the dominion of King Alcohol, while pages, servants and outsiders participated in the dreadful orgies.

DECLINED.—Hon. Joseph H. Lumpkin, of Georgia, who was appointed by the President one of the new Board of Claims, has declined the office.

FOREIGN CORRESPONDENCE OF THE SENTINEL.

RAMBLES IN EUROPE—NO. 4.

PARIS, Feb. 20th, 1855.

Patronage of Government of Letters and the Fine Arts—Parks and Promenades—Boulevards—La Bourse.

This great metropolis of France contains a world in itself. What is not here is hardly worth looking for in any other part of the world. I refer, of course, to whatever has been produced by the inventive genius, the philosophy and various talents of man. It has been the policy of the French Kings and Emperors, from Charlemagne to Napoleon the III, to patronize men of letters, scientific discoveries, the fine arts generally, and whatever tends to the improvement of mankind. Princely prices are paid by government to carry out and increase any and all of the above objects. Hence have been drawn here in all ages, the most learned men of all nations—consisting of orators, historians, poets, painters, inventors, sculptors, philosophers, statesmen, and many others. Their works are all here to be seen, and a grateful country has erected monuments to honor and preserve their memory.

In the same spirit of public liberality their works of art, gathered together in different places in the city, are open to the inspection of the world—free—particularly to strangers. To them a preference is given over the citizens themselves. These establishments are kept up at a vast expense—but so fond are the citizens themselves of works of art and public exhibitions, that they are willing to incur the expense.

With what little French a stranger can pick up by stopping in the city a short time, he can easily find his way to the different palaces, galleries, &c, containing the most interesting objects, and view them at his leisure. But a month is necessary to even make a hasty examination, there is such a vast field for study and admiration.—Some of the most interesting places are kept open entirely for strangers, except on the Sabbath, when all are permitted to enter. All that is required to admit the former, is the production of his passport, and in some instances they register his name.

Nor has government been less liberal at all times, in its appropriations of revenue for its parks, promenades, gardens, and other pleasure grounds. Some of these are very extensive, containing hundreds of acres. They are beautifully adorned with monuments, fountains, obelisks and statues. To see them most advantageously, one should visit here in the summer. Then these splendid grounds, embowered in trees and shrubbery of all kinds, with fountains playing, together with the music and dancing of thousands of the common people, the chit-chat of the gay and fashionable Parisians in their promenades, the features of stern warriors, cavaliers, Knights, goddesses and water nymphs, looking on with their rigid and marble countenances, must make a scene imposing and enchanting. Of all other pleasures the French people are the most fond of amusements in pleasant weather, in these public grounds. All sorts of feats, tricks and exhibitions, find ready patronage on such occasions.—Thus all grades are brought together, and every one finds something to arouse himself.

Among the most beautiful of these pleasure grounds are the garden of the Tuilleries, the Champs Elysees, the Champ de Mars, the Jardin des Plantes, and the Jardin du Luxembourg. No expense has been spared to make these places as near the garden of Eden, as possible. In fact, it seems to be the policy of the present Emperor, like that of all his predecessors, to make the metropolis as attractive as possible. The trade of Paris, in and of herself, is small compared with other cities of the same size, and one of her main supports is from the immense number of strangers that stop here. Here may be seen travellers from all parts of the world. In fact no one from any clime or country ever thinks of going round Paris. It is in a word the Mecca of travellers in pursuit of the acquisition of knowledge, or the enjoyment of pleasure.

The city lies in a large basin through which flows the river Seine. This river passes through it from the south-east and nearly divides it into two equal parts. The current is very rapid, and the water rily and turbid. For miles on each side, there are quays of solid granite stone masonry, similar to those in Montreal, which I presume are the best in America. Over the river there are twenty-four bridges—seven of these are suspension, three are of iron and stone, one of wood, and the balance of stone. Of these the bridge of Austerlitz and Port Neuf are the finest. The latter was commenced in the time of Henry III, and finished in 1604. It stands upon four circular arches. Its entire length is 1020 feet, and its breadth 78. At the south end there is a bronze statue of Henry IV. Its height is 14 feet and weighs 30,000 pounds. It stands on a high pedestal of white marble.

The whole city is surrounded with fortifications inclusive of many of the suburbs.—This was done under Louis Phillippe, at a cost of 140,000,000 francs. They were made by erecting ninety-four bastions, each being eleven hundred feet in length, with a continued ditch in front, lined with solid masonry, about eighteen feet deep and from fifty to one hundred and fifty in width. From the bottom of the ditch to the top of the parapet, it is forty-six feet. At different points are placed draw bridges, magazines, &c. It would be rather more difficult to take this city now, than it was in 1814 by the allied armies.

Within this circle at a considerable distance, are the boulevards *exterieur*, to distinguish them from others more interior. These are very wide streets or avenues lined with forest and ornamental trees, and are the resort of those who like a pleasant drive. They were originally the space used for the outer walls of the city, and were built by Phillip Augustus in 1290. By a decree of Louis XIV, the old walls and towers which then had got much dilapidated, were torn down and the ditches filled up. The same may be said of the boulevards *interieur*—but at what time these were made I cannot learn. It must have been done at an early date, for they now form the most beautiful streets in the city. They resemble Broadway, New York, only are nearly double in width.

Generally, every public building as well as everything else, is on a gigantic scale in Paris.—One day I went down to the Bourse, which answers to an exchange building in the United States. Knowing that a similar building in Wall street was a very fine one, and that on some pleasant days I had seen a hundred people or more of the solid men of that street closing business there in a quiet way, I was prepared to see about the same thing. But on reaching it I saw that it was one of the most splendid buildings in the city. It was commenced in 1808 and finished in 1826. Its form is that of a parallelogram, being 212 feet in length, by 126 in breadth. The material resembles granite. It is surrounded by a range of sixty-six Corinthian columns. These columns support an entablature and a masked attic—both form a covered gallery, which is approached by a flight of steps extending the whole length of the western front. Between each column there are two ranges of windows, separated by a Doric entablature and surmounted by a decorated frieze. At the corners of this beautiful edifice are four statues, representing commerce, justice, industry, and agriculture. In the interior, in the center of the building, there is one spacious hall, 116 feet in length by 76 in width. This easily accommodates 2000 persons. Around this are two tiers of arcades in the Doric order, the basement of which as well as the sides of the hall, are of marble. The hall is lighted from the roof, which is covered with drawings in the form of bas-reliefs, representing various subjects of commerce, arts, &c. The figures are about ten feet in height. The number of offices on the sides and ends of the building are sixteen. A side stair-case on either side leads to the offices above and to the hall of the tribunal of commerce—also to the spacious galleries overlooking the great hall first described. These are supported by Doric columns and from which is a fine view of the vaulted roof above, and its decorations. At the other end is the court of bankruptcy, which also has a decorated vaulted roof, covered with beautiful paintings, representing trade, commerce, &c. The great hall, the space around it, and these galleries must contain a great many persons when full.

But what attracted my attention the most, was the noise and confusion which reigned in the great hall. It was crammed just as full as it could possibly be with men standing up. Each one seemed to be screaming at the top of his voice. They generally formed circles where they were yelling at the highest pitch, but they addressed no particular person—in fact, there seemed to be neither head nor tail to the crowd. Every few moments each one would stop to make a few figures on a slip of paper which was handed to a messenger, and he would disappear to an outsider, I suppose. I never expected to have seen a living personification of Babel—but if any one is curious enough to see it, let him visit "La Bourse," in Paris. For an explanation of this strange scene I asked an English resident how they could do business in such confusion, and what the *modus operandi* was? He said the whole thing had struck him the same way, and that no one could understand it but themselves. Subsequently I learned that government appoints sixty *agents de change*; sixty *courtiers de commerce*, and eight *courtiers de assurance*, and that these concluded the business. All sales of stock, railroad shares, bills of exchange, and other securities are negociated here.

The main business of France is done with a metallic currency. There is but one bank that issues bills, and that is the bank of France, which is certainly under government. This bank issues bills of the denomination of 5000 francs, 1000 francs, 500 francs, 200 francs, and since 1848 of 100 francs. All other bankers do what we call a brokerage business.

Here is a fact worthy of consideration to those in Wisconsin who receive Georgia shin-plasters. No man here loses his earnings by the failure of rotten banks. If the French government have other failings, it looks with a jealous eye and has a watchful care of the laborer, who in fact creates the only wealth belonging to any country.

F.

One of the Correspondents.

Many of our readers will remember D. S. CRANDALL, who, in the year when we tried (and failed) to elect Gen'l Scott, was on hand at one of our gatherings and made a comically curious speech, provoking cachinnation irresistible. He used to edit the Lockport (N. Y.) *Courier*, and made it a gem of a paper; then he was western agent for the Canada railroad—and then—but we do not know what came next, but he at last found himself up in Door Co., in this State, in the lumber business, at Sturgeon Bay, near by where somebody will one of these days cut a channel through from Lake Michigan into Green Bay at moderate expense, and save time and labor for navigators. Therefrom, our friend Daniel sends a letter to the Green Bay *Advocate*, from which we take the following "specimen bricks." Write to us, Crandall, there's a good fellow!—:

STURGEON BAY, March 26, 1855.

FRIEND ROBINSON.—Who is Chapman, author of the Hand-Book of Wisconsin? I like Chapman. It would afford me great pleasure to grasp his "corn-stealers." He is on our side, and shows in his book that his "carnal natur" is at enmity with the *name* of our county. In that our views are in harmony with Mr. Chapman's. We the inhabitants of Door county and Sturgeon Bay Plantations, do most earnestly protest, as well against the *name* of our county, as against being joined to Door county at all. Geographically, topographically, geologically, theologically, morally, socially, intellectually and commercially we belong to Brown county! Who *invented* Door county? One so sinning against free grace, creature comforts, and the everlasting fitness of things, should be sentenced to colonize Plum Island with steers, until his stock is large enough to keep a "dry dairy," keeping "Death's Door" between him and moral accountability.

We are sorry for Chapman. He is *so* ignorant—in reference to the quality of our land. He must have learned geography as I did French—without a teacher! He ought to travel, and if he will make an amateur excursion on foot from here to Bay Settlement, on the trail marked out by Nameo, (do I spell his name correctly?) self and *another* Indian, he will pass over a belt of farming lands unsurpassed in richness and beauty. The trip will be a novelty to him, as it will embrace the luxury of "camping out," substituting cedar boughs for the "green carpet of nature," and reposing with no covering but the high-arched, blue-vaulted, star lighted "canister" of heaven! Delicious! Hand Mr. Chapman the Preston Salts. Were there a passable road between this place and your city, these lands would soon find "settlers," though there is no "back country to induce the settlement of a village." Tell Mr. Chapman so when you meet him, and have him *print* it in his book.

After assurance that Sturgeon Bay does not fail to have stated preaching, albeit the congregation is somewhat mixed, he proceeds:

Spring has been "blowing his silver horn" down here, and came near blowing his horn off. *Such* a sneezer! The snow came in flakes, sheets, blankets, and pillow cases, and the wind whistling hornpipes, hurricanes. Auld Lang Syne, and *Windham*, set the snow to dancing the "nine of rambles," and tossed it into heaps, piles, hills and mountains. Greenland and charity! and mercury in the "Gebonica" down below "Keno." When will the trees bud, the flowers bloom, the birds sing, and the lambs shake their woolly tails? *You* tell; but let them not "delay their coming," but come quickly. Let the twigs be "tufted with green," the meadows covered with "emerald velvet" starred with daisies, and blued with violets, mingling with the countless other graces and delights which come to gladden and adorn this "sweetest island in the sea of the seasons." But ugh! the snow lies still thick upon the earth—the shroud upon the bosom of the buried year; and old winter, holding high carnival, still reigns (I wish he would *rain*) lord paramount—his wheezy breath sighing through the verdureless forests, cold as the marble which lies hid in the bosom of Pentelicus.—Adieu. Time is up. The impulse which moved me to write to you came on with a "circle round the moon," and now goes off in an

EQUINOCTIAL STORM.

Nota Bena. You know Frank Pierce, the Postmaster General, and the "other fellers that tend the machine" down there in the District of "Columby." Now if you will just "plot" your paper at 'em—wet the muzzle, look to the "priming and britchin," and then *demand* that Sturgeon Bay be supplied with a mail twice a month, it will come sure as taxes. Do so, will you? Recollect we are an "election district" now, and if you will give us a "lick sideways," you can calculate upon our "sufferins" for any office "in the treasury of Sturgeon Bay, not otherwise appropriated." Election districts are not ungrateful. No fourth of July orator, in a frenzy of star-spangled-bannerism, with his coat-tails higher than his head, ever said so. It is *Republics* that are ungrateful, not election districts. Mind that. And then you will increase your list of *paying* subscribers by the operation.

We must be re-united to Brown county, so that we can "tend Justice's court, be subpœned as witnesses, be summoned on juries, and *sue* one another. It will seem so much more like living in a Christian country. We could not get up a genuine old fashioned neighborhood quarrel and law-suit if all the gossips and scandal-mongers in the colony were to join in the undertaking. You will appreciate how "sharper than a serpent's tooth" are our regrets over these social bereavements, and will aid us to the extent of your subscription list. We rely upon you.

ILLINOIS BANKS.—The Auditor of Illinois has issued the following circular:

AUDITOR'S OFFICE, Ill., Springfield, April 4, 1854.

To the Holders of Notes of the Banks that are in Liquidation.

I am now prepared to redeem the circulating notes of the banks of this State that are in liquidation, at par, viz: The Farmers' Bank, The Phœnix Bank, The Union Bank, and the City Bank, situated at Chicago, and the Mechanics' and Farmers' Bank, at Springfield Ill.

THOS. H. CAMPBELL, Auditor.

April 5, 1855.

BANK OF RACINE.—This institution, the oldest of our banks, has commenced a new era in its history. Mr. W. J. Bell, of Milwaukee, its late president, has retired from it, and in his place Mr. Isaac Taylor, of this city, occupies the presidency. The capital of the bank is nearly quadrupled.—It is needless for us to speak of the business habits and tact, the urbanity and kindness of its officers, cashier, tellers and book keepers, all who have ever done business at its counter know without words of ours, but it may not be amiss to say that in its new president it has secured a man, far-seeing, shrewd, able, and industrious beyond any other business men of whom we have any knowledge. He has one other qualification for the position which though not often made account of is of prime necessity—he is a "lucky man"—which means that he never yet has undertaken anything that he has not successfully carried through.—[Racine Democrat.

CITY MATTERS.

POLICE COURT.—April 10.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

ANOTHER WOMAN WHIPPER.—A man named Peter Zahn was brought down from jail by constable Kessler and tried for beating his wife Monica Zahn. The defendant, who was in the habit of beating his wife—who was his second one, and it was stated by a number in Court that he used to beat his former one and that she ended a miserable life by cutting her throat—plead-ed not guilty, the evidence was plain against him that he beat her, choaked her, scratched her hand and cut her eye. The Court found the man guilty and sentenced him to twenty dollars fine, and to stand committed till the fine was paid; the fine and costs amounted to $25,12; the defendant left with the constable to obtain the amount, the court telling him that if he was again brought up for such an offense he would inflict the highest punishment the law would permit him.

A warrant was issued against Simon Weister for assault and battery upon Franz A. Dilgner on the 9th of April.

AT THE SHIP YARDS.—Capt. JONES quite surprised himself and all mankind, by launching yesterday, with masts standing, the handsome schooner *J. M. Jones*, of 150 tons, just built for the lumber trade.

He has well-under-way, and ready for launching next week, a schooner of 250 tons, of good model and substantially built, for the produce and frieghting trade. Besides these, he is repairing the brigs *Robert Burns* and *Algomah*, 3 masted schooner *Cherubusco* and several others, while the propeller *Pocahontas* is waiting her turn.

Next below Capt. Jones' yard, a schooner of 110 tons is nearly completed, built and owned by a party of Norwegians.

At Capt BARBER's yard, the work is progressing on a schooner of 150 tons, to be launched in about three weeks, for A. SWEET & Co., to be used in conveying stores, &c., to and between the various lighthouses to be erected on Lake Superior, for which they have the contract from Government.

ONTARIO AND SIMCOE RAILWAY.—The season card of this new road will be found in our columns. The route cannot fail to be an exceedingly popular one, being quick and pleasant, and a novelty, all of which points have their charms for various travellers. The fine steamers *Keystone State*, *Niagara*, and *Lady Elgin*, are to form the tri-weekly line between the Lake Michigan ports and Collingbourn, at the foot of Lake Huron.—Hence the traveller is taken by railroad across Canada to Toronto, and thence by commodious steamers to Rochester. We trust that some of our readers will make the first trip, and report progress.

Connections are to be made with the Green Bay and the Lake Superior steamers, at Mackinac.

CAPT. NICHOLSON.—Capt. NICHOLSON, who commands this season the Steamer *Arctic*, of Clement's Line, is one of the daring, whole-souled men, who manned the boat which, in May of last year, rescued the wrecked mariners at Chicago. We miss the familiar face of Captain BUTLIN from the decks of the *Arctic*, but the owners of this favorite craft have provided a first rate successor.

☞ Messrs. J. R. LOWELL, of Cambridge, Mass., and BAYARD TAYLOR, of New York, arrived in our city by the noon train from Madison, yesterday, and took lodgings at the Walker House. Mr. RUSSELL delivered the closing lecture of the course before the Young Men's Association, at Young's Hall, last evening.

NORTH PRESBYTERIAN CHURCH.—We are requested to state that persons who desire to purchase pews in this church can obtain them on application to R. MENZIES at the City Bank.

BOARD OF SCHOOL COMMISSIONERS.—This Board holds an adjourned meeting in the Common Council room, at seven o'clock *this* (Wednesday) evening.

☞ The *Traveller* arrived from Chicago, yesterday afternoon, with 75 passengers and a large freight for this port. After discharging she continued on to Sheboygan, and leaves here, for Chicago, this morning.

The *Pacific* leaves here for Chicago at 8 o'clock this evening.

STREET SPRINKLING.—Loud calls were made yesterday for the street Sprinkler; whoever starts first will ensure the best payment for keeping East Water and other streets free from dust during the summer.

CHANDLER & JENNINGS.—If anybody objects to the large use of capitals in the advertisement of MESSRS CHANDLER & JENNINGS we have only to say that it requires a large assortment to set forth their variety of goods; and, besides, they are both capital fellows, and have as good a right to the big type as anybody. There must be something extraordinary or hand *this* time.

COLLINGBOURN—is just one of the most tasteful painters and paperhangers about town—there is none better—and he has faced his advertisement around to the front, for the good of community. Philanthropic individual, is Collingbourn.

TEACHER.—See notice of a young lady teacher of German and French.

Meeting of the Board of Supervisors.

The Board of Supervisors will hold a meeting next week, on what day we are not informed.—It may be well to call their attention to the House of Refuge Bill, which was passed by the last Legislature, as by that bill it is made their duty to take the initiatory steps for the erection of a House of Refuge, and as each Board has earnestly petitioned for the passage of such a bill we hope the present one will not be backward in forwarding the movement with despatch. In the last report of the State Prison Commissioner Mr. Starks, occurs the following. "We have confined here, some three or four small boys, from the city of Milwaukee, from nine to fifteen years of age. A prison is no place for them.—Connected with some more aged and hardened criminals, whom perhaps no punishment can reform, and no persuasion deter, it cannot, I fear, be even hoped that their case will be much bettered; and I sincerely hope that humanity will dictate, that a house of refuge be prepared for such young offenders, where they can, at least for a while, be secure from the evil associations of bad company, and be taught to lead the life of virtue and honesty." Added to this the fact, that Milwaukee County sends more than half the convicts to the State Prison the remarks of the Commissioner are entitled to much weight—there were at the date of the Prison Report seventy-one prisoners in the Prison and of these, Milwaukee County had sent *thirty-seven*. There is also another matter to which we would call the attention of the Board, that is, the landing of paupers in this, from other cities and we hope they will unite with the *Sentinel* in this, as they did in procuring the passage of the House of Refuge bill and urge upon the Common Council the passage of an Ordinance to prevent the receiving of paupers sent here from other cities.—This should be done without delay, before we are flooded with paupers, whose cost of transportation from Chicago has been *charged to Cook County*.

REAL ESTATE SALES.—Yesterday, John Plankinton sold to S. M. Booth his lot on Spring st., occupied by Thos C. Cole as a meat market, 120 feet deep and extending—so the deed runs—to the middle of the river, for $8,000.

We hope to have a Printing Office there, one of these days, after our own heart.

Edward D. Holton sold his lots, adjoining the above, between the meat market and Goodall's block, 40 ft. front and 120 deep, to John Plankinton, for $10,000. Also his house and lot on Third street, to J. W. Vail, for $3,500.—[Free Democrat.

STEVENS POINT LAND OFFICE.—The *Pinery* of the 5th instant says, that the cash sales at the Stevens' Point Land Office, for the quarter ending March 31st, were $45,661.06.

FOURTH JUDICIAL CIRCUIT.—The Oshkosh *Courier* of the 7th inst., reports a "close fit" in the election for Judge of the 4th Circuit, with the chances in favor of Gorsline. Winnebago and Fond du Lac counties are put down at 2,200 majority for Flint, and Sheboygan, Manitowoc and Calumet at 2,200 for Gorsline. We still think the latter elected.

A "FAVORABLE ALLUSION."—The *Wisconsin* of yesterday indulges in the following slant at its political friends, the Dodges:

IOWA.—The prohibitory liquor law has been ratified by a popular majority of about 5,000.—This result will terminate the Dodge influence in Iowa.

NEW HOTEL AT GALENA.—A first class hotel has just been completed at Galena, five stories high, at a cost of $85,000. It is called the De Soto House. When shall our city be furnished with its like, or a better one?

One hundred men, passed up on Monday to Wausau, to engage in rafting for Messrs. McIndoe & Shuter. Many others are arriving daily for other lumbering establishments; the Pinery is alive with the b'hoys this spring.—[Stevens' Pt. Pinery.

NEW APPOINTMENT.—Hon. Peter H. Turner has been appointed Postmaster at Palmyra, Jefferson County, in the place of N. F. Smith, removed.—[News of yesterday.

She reports the Lake entirely covered with ice, apparently thick and sound.—The War Eagle took up 267 cabin passengers and 368 on deck. We are under obligation to the clerk for late papers.—[Galena Gazette, Monday April 9.

CLEVELAND HARBOR OPEN.—By a telegraph despatch received last evening, we learn that the propellers Fintry, Gen. Taylor and Oregon made their way out of Cleveland harbor yesterday about noon bound up the lake.—[Buffalo Republic, 7th.

Female Complaints Effectually Cured by Holloway's Pills.—Mrs. Mary Pearson, of Market-st., Missouri, aged 45, about two years ago was thrown on a bed of sickness for several weeks. Her arms and legs became much swollen, and it appeared to the medical men whom she consulted, at this period of life, that she was dropsical.—She gradually grew worse, until all hope of her being cured was abandoned by her husband and friends. At this crisis Mr. Pearson persuaded her to have recourse to Holloway's Pills, and by persevering with them for six weeks she was perfectly well. They are an excellent medicine for young females with obstructions in their health entering into womanhood.

WE HAVE HEARD OF IT EVERY WHERE.—The reputation of Dr. A. L. Adams' Liver Balsam for doing what it promises to do, and the wonderful cures which it has effected are so great, the people everywhere are as conversant with the good qualities of this Medicine as with "Household Words."

It does not become necessary to keep the public advised of this Medicine through the channel of the Press, as other Compounds are.—From its first introduction those individuals who have used it become living advertisements for it. If this should be noticed by the reader who is afflicted with any disease which this Medicine proposes to cure and is anxious to be restored to good health, our advice is get a bottle of Dr. A. L. Adams' Liver Balsam, take it and live. See testimonials in this paper.

The Most Successful American Book.

RUTH HALL: A DOMESTIC TALE OF THE PRESENT TIME. BY FANNY FERN. 400 pp., 12mo. Cloth. Price, $1,25.

IT HAS BEEN RESERVED TO THIS DISTINguished authoress to achieve what may, under the circumstances, be regarded as the most brilliant success ever obtained by an American writer of fiction. "RUTH HALL," her first continuous story, though deriving no interest or popularity from connection with any of those vexed questions which agitate the public mind, has, in the two months since its first appearance, reached a greater sale than any other American work of fiction whatever within the same period. This extraordinary fact is, of itself, abundant evidence of the absorbing interest and graphic power of this remarkable work. We have in our possession several hundred reviews of "RUTH HALL," which have already appeared in the principal newspapers and periodicals. Nearly all of these pronounce it emphatically a work of genius, many predicting for it the largest sale of any American book, and devoting whole columns to its eulogium, while we have seen but a very few (not twelve in all) which deny its singular fascination.

"RUTH HALL" is for sale by Booksellers generally.

Close of the Session.

The Legislature of this State closed its session on Monday. An unusually large amount of ... legislation has been done, but very few laws of general application have been enacted. As the prominent feature of the present session ... that the controlling majority, though ... with strong professions of economy, have managed to roll up a greater amount of taxation than has been done any previous session in this State.—[Watertown Democrat.

It is useless, we think, to expend any considerable amount of time and labor in exposing and refuting such statements as the above. No one who has read, and can understand the actual condition of things at Madison, needs any further explanation. The simple truth is known to be, in regard to the deficiency in the Treasury, that the funds were all drawn out, and some $38,000 borrowed from the School Fund, long before the 1st of January, '55, and that nearly, or quite $100,000 of the liabilities of '54 were still unpaid, and much not appropriated had to be met from funds which came into the Treasury this year. Of course the vaults were dry long before the session closed. The liabilities incurred by the Legislature this year, *do not exceed one half* of those incurred last year; but the *deficiency* in the Treasury has to be provided for by a heavy tax which would have been doubled if the Lunatic Asylum operation had not been nipped in the bud. Our democratic friends will make poor headway in deceiving the people on this subject.

Watertown City.—A very spirited election was held in Watertown, Tuesday, and resulted in the signal triumph of the Anti-Barstow party.—[Mil. Sentinel, April 5th.

We said yesterday, that the issue was Barstow and anti-Barstow. *We are assured however, that local considerations controlled the result.*—[Mil. Sentinel, April 6th.

Of course the first statement, retracted the next day, was made with no knowledge whatever of the facts. It was a mere reckless announcement which would answer the purpose equally well, if true, or if uncontradicted by some one who knew the real state of things.—[Madison Democrat.

"Of course" the official organ of "Barstow and the Balance," being accustomed to lie, recklessly and indiscriminately, about its political opponents, suspects others of the like "brazen mendacity." The *Sentinel* had good authority for both the above statements. Our first information came from the victorious party, who also claim that the issue in the Watertown city election was "Barstow or anti-Barstow," and that the former was signally defeated. Our second statement was made at the request and upon the authority of the vanquished party, who insist that local and not political considerations controlled the result. A difference of opinion as to the issues involved and decided in a political contest, is by no means rare, between those who win and those who lose. But all parties, we imagine, are agreed as to the fact that "Barstow and the Balance" are in a woful minority in Watertown, as elsewhere throughout our State.

The Future of the Kansas Question.—The ... *Republic*, (dem.) in article upon the subject of the late Kansas election, uses the following language. We quote it as showing how ... the issue is being made between the Slavery extensionists and the friends of Freedom.—The days of Compromise with the aggressive spirit of Slavery are indeed over, or we greatly mistake the signs of the times. The Free States have at length been driven to the wall, and the ... shows the calm determination of the people that the Federal Government shall return to its first principles, and that all its power and patronage shall not be longer used for the extension and perpetuation of Slavery:

"That the recent election in Kansas the friends of slavery triumphed. Of this there can be no doubt. The triumph, too, was secured by the practical adoption of the principle of squatter sovereignty, large numbers of the residents of Missouri, who made Kansas their home, having gone to that territory to control the results of the election. They have controlled them, and Kansas bids fair to become a slave state, and to revive in Congress, when she applies for admission, the discussion of the 'vexed question of slavery.' Well, let the discussion come. It has not been invited by the north, but the north is prepared for it. Nor will the opponents of the extension of slavery be again driven into a compromise by the threats of the slave power and the fears of the timid. Indeed, all are convinced that slavery is aggressive, and that the north must either silently accede to all of its demands or resolutely oppose them. Compromises are out of the question. They are made by the south only to be broken whenever the occasion calls for such a violation of good faith and national honor."

Nashotah Theological Seminary.—The corner stone of the new building at Nashotah, "Bishop White Hall," will be laid, with appropriate ceremonies by Bishop Kemper, on Thursday (to-morrow) afternoon, at 3 o'clock. Persons desirous of being present at the ceremony, can go to Nashotah by taking the Milwaukee and Watertown cars to Pine Lake, or Oconomowoc, where conveyance can be obtained to convey them to the Mission.

Enlistments.—It is stated that the enlistments for the new regiments of the U. S. army are proceeding rapidly, those engaged being of a better class of men than usual, and obtained from the agricultural districts of the interior. Some six or seven hundred recruits have already been sent to Jefferson Barracks.

"Old Consent" in New Hampshire.—The ... democrat, supposed to be elected to the Senate in New Hampshire, was at the last accounts trembling for his chances. In the old Gibraltar of Locofocoism, Coos County, he has but a majority of 5,323 votes, and two small towns yet to hear from. As the case, however, cast about ... "democratic" vote last year, he is probably elected.

Wisconsin Money in St. Louis.—The St. Louis ... of the 7th, commenting upon the fact that the notes of all the Illinois and Wisconsin ... Banks are now ... doomed at par ...

The consequence of this is, that the notes of all the *Wisconsin and Illinois Free Banks* are now current with the Bankers of this city.

The banking laws of these two States seem to be decidedly efficient in giving security to bill holders, which is the most important consideration after all, in any Banking system.

Hunt's Merchants' Magazine for April. Griffiths & ... 111 & 117 Nassau St, N. Y. The April number of this sterling periodical has just come to hand, and we are glad to see that it improves in character with age. The valuable information furnished by it to builders, merchants, forwarders and all who take an interest in the statistics of commerce, ought to give this Magazine a very large circulation throughout the country.

Exploded.—The Steamer *Reindeer*, plying between St. Louis and Alton, was "blown up" on Saturday evening last, and three persons killed and several others badly scalded.

Death Penalty Restored!—The Legislature during its recent session, by a decided majority, repealed the law abolishing the penalty of death, in case of conviction for murder or other capital crime.—[Fox L. Times.

The bill alluded to passed the Assembly by a large majority, but failed in the Senate.

Dangerously Injured.—We learn by officer ... that one of the persons beaten at the ... House a few days since, is not expected to recover. It is said that $600 was stolen from ... and that Smith was beaten so as to leave him insensible, with several wounds on his head.

Old Rock the Banner County.

Every Town for Cole!—2150 Majority!

We place the vote of the noble county of Rock on record. We don't see how the people could do better, but if they ever do, we will make a note of it. Every town gives a majority for Cole.

Crawford,	3,475
Cole,	1,000
Scattering,	3
	4,478

Dane County.—The Madison *Journal* publishes returns from three more towns in Dane County, Black Earth, which gave Cole 77, to 17 for Crawford; Dunn, which gave Cole 41 majority, and Rutland, which gave Cole 211, to 3 for Crawford.

The *Journal* estimates the County at 100 majority only for Crawford.

—[State Journal.

Jefferson County.—Lake Mills gives Cole 141 majority; Aztalan, 51 do.; Waterloo 160 do. and Milford 17 for Crawford. The county must have given Cole 2 to 300 majority.

Kenosha County Official.—The official canvass shows the following result in Kenosha County:—Orsamus Cole 1026, Samuel Crawford 626—Cole's majority 400.

Portage County.—Stevens' Point elects democratic town officers mostly, and gave 75 majority for Crawford. The County has probably given 200 to 250 majority for Crawford.

Demagogueism.—A correspondent of the Kenosha *Telegraph*, writing from the town of Paris, under date of the 4th instant, says:

The whole number of votes given for Judge, was 144; of this number, Mr. Cole received 87, and Judge Crawford 57. Many of the votes for the Judge were cast under a misapprehension of the position of Mr. C. in regard to Know Nothingism, especially on the part of German citizens, several votes for Crawford in German letters. The point at issue seemed to be disregarded by them, so fearful were they that Mr. Cole was a Know Nothing. The deception which has thus been practiced upon them, can be regarded only as the meanest and lowest Wisconsin demagogueism.

There was a concerted and strenuous effort to rally the German and Irish electors of this State to the support of Judge Crawford, by raising this "Know-Nothing" cry against Mr. Cole.—Those who employed this argument knew, of course, that it was a mere electioneering lie.—Nevertheless it was industriously used, and so far successful as to induce the Germans and Irish in this city and other localities, to vote *en masse* for Crawford. Happily the "Rural Districts" counteracted all such base influences, and rolled up an overwhelming vote for Mr Cole. But do not our German and Irish fellow-citizens see that the *inevitable* result of such clannish votes and organizations on their part, is to strengthen and justify that very "Native American" party, which the leaders of the Sham Democracy use as a scare-crow to frighten foreign-born voters into the support of their men and measures, no matter how unworthy or objectionable?

Shanghai Testimony.—The *Sentinel*, has not, it seems, the highest opinion of all the acts of its party in the recent Legislature.—It speaks as follows of the establishment of the new Judicial Circuit:

We have already and repeatedly borne our testimony against this Legislative vice of carving out Judicial districts, to provide comfortable berths for some lazy lawyers.

The particular district which the above refers to is Judge Howe's. It was composed of eight counties, four of which were small and new. The whole district did not occupy a Judge's time over 5 months in the year. But "a place" was wanted for some favorite of the Shanghai party, and they made it for him, by the addition of $1 500 more to the burden of taxation which the people of the State are to bear.—[Madison Democrat.

Such is the way in which the "Forty Thieves" organ treats this question. The *Sentinel* objected, as well to the increase of these Judicial Circuits by the Republican, as by Democratic Legislatures. The *Democrat* quite approves of the creation of *three* new Circuits by the last Democratic Legislature, but is dreadfully shocked at the addition of *one* by the Republicans. We know of no "favorite" of our party who is to be provided for in the new Circuit, tho' it is notorious that the three circuits carved out last year were designed for "favorites" of the "Barstow and Balance" party. But the people "blocked the game."

It may be well to add that the creation of this new Circuit was, in no sense, a Republican measure. It originated with, and was urged forward by gentlemen of the Democratic Party.

None of the figures contained in the Report of the Committee of the Milwaukee Board of Trade, except a part of the Imports and Exports, ever appeared in the Sentinel, till this morning. The Table of Manufactures required several day's labor of the entire committee of *five* efficient men, and for the Sentinel to claim it, is nothing but downright impudence.—[Wisconsin of yesterday.

We have no idea of quarrelling with anyone over the Report referred to. The Table of manufactures is a very interesting table, and that much of the Report is new, and must have cost the Committee considerable labor, but the tables of Exports and Imports *are* the result of a fortnight's hard work for the *Sentinel*, and were published last December, as is well known.—And the table of Comparative Exports is taken from our Tables published annually, and gathered by ourselves. We have no objection in the world to the use of our figures by the Board of Trade and cannot see that our testy neighbor is called upon for a defence of the Committee, and, what is more, we don't suppose that the Committee will be overpowering in their thanks for the one which the *Wisconsin* has furnished, unasked.

Our Members.—The Legislature has adjourned, and our members have again returned to their homes to receive from their constituents the plaudit of having well discharged their duty.—No county in the State has been more faithfully or ably represented than Winnebago.—[Oshkosh Democrat

True for you, neighbor of the *Democrat*. Messrs. Gary and Welch were from first to last, faithful to their trust, and among the most laborious and useful members of the Legislature. Old Winnebago *was* well represented.

Inebriate Wisdom.—The New Orleans *Bulletin* of the 19th ult complains, that on the last night of the session of the Lousiana Legislature all the members were under the dominion of King Alchol, while pages, servants and outsiders participated in the dreadful orgies.

Declined.—Hon. Joseph H. Lumpkin, of Georgia, who was appointed by the President one of the new Board of Claims, has declined the office.

FOREIGN CORRESPONDENCE OF THE SENTINEL.

RAMBLES IN EUROPE—NO. 4.

Paris, Feb. 20th, 1855

Patronage of Government of Letters and the Fine Arts—Parks and Promenades—Boulevards—La Bourse.

This great metropolis of France contains a world in itself. What is not here is hardly worth looking for in any other part of the world. I refer, of course, to whatever has been produced by the inventive genius, the philosophy and various talents of man. It has been the policy of the French Kings and Emperors, from Charlemagne to Napoleon the III, to patronize men of letters, scientific discoveries, the fine arts generally, and whatever tends to the improvement of mankind. Princely prices are paid by government to carry out and increase any and all of the above objects. Hence have been drawn here in all ages, the most learned men of all nations—consisting of orators, historians, poets, painters, inventors, sculptors, philosophers, statesmen, and many others. Their works are all here to be seen, and a grateful country has erected monuments to honor and preserve their memory.

In the same spirit of public liberality their works of art, gathered together in different places in the city, are open to the inspection of the world—free—particularly to strangers. To them a preference is given over the citizens themselves. These establishments are kept up at a vast expense—but so fond are the citizens themselves of works of art and public exhibitions, that they are willing to incur the expense.

With what little French a stranger can pick up by stopping in the city a short time, he can easily find his way to the different palaces, galleries, &c., containing the most interesting objects, and view them at his leisure. But a month is necessary to even make a hasty examination, there is such a vast field for study and admiration—Some of the most interesting places are kept open entirely for strangers, except on the Sabbath, when all are permitted to enter. All that is required to admit the former, is the production of his passport, and in some instances they register his name.

Nor has government been less liberal at all times, in its appropriations of revenue for its parks, promenades, gardens, and other pleasure grounds. Some of these are very extensive, containing hundreds of acres. They are beautifully adorned with monuments, fountains, obelisks and statues. To see them most advantageously, one should visit here in the summer. Then these splendid grounds, embowered in trees and shrubbery of all kinds, with fountains playing, together with the music and dancing of thousands of the common people, the chit-chat of the gay and fashionable Parisians in their promenades, the features of stern warriors, cavaliers, Knights, goddesses and water nymphs, looking on with their rigid and marble countenances, must make a scene imposing and enchanting. Of all other pleasures the French people are the most fond of amusements in pleasant weather, in these public grounds. All sorts of feats, tricks and exhibitions, find ready patronage on such occasions.—Thus all grades are brought together, and every one finds something to arouse himself.

Among the most beautiful of these pleasure grounds are the garden of the Tuilleries, the Champs Elysees, the Champ de Mars, the Jardin des Plantes, and the Jardin du Luxembourg. No expense has been spared to make these places as near the garden of Eden, as possible. In fact, it seems to be the policy of the present Emperor, like that of all his predecessors, to make the metropolis as attractive as possible. The trade of Paris, in and of herself, is small compared with other cities of the same size, and one of her main supports is from the immense number of strangers that stop here. Here may be seen travellers from all parts of the world. In fact no one from any clime or country ever thinks of going round Paris. It is in a word the Mecca of travellers in pursuit of the acquisition of knowledge, or the enjoyment of pleasure.

The city lies in a large basin through which flows the river Seine. This river passes through it from the south-east and nearly divides it into two equal parts. The current is very rapid, and the water rily and turbid. For miles on each side, there are quays of solid granite stone masonry, similar to those in Montreal, which I presume are the best in America. Over the river there are twenty-four bridges—seven of these are suspension, three are of iron and stone, one of wood, and the balance of stone. Of these the bridge of Austerlitz and Port Neuf are the finest. The latter was commenced in the time of Henry III, and finished in 1604. It stands upon four circular arches. Its entire length is 1020 feet, and its breadth 78. At the south end there is a bronze statue of Henry IV. Its height is 14 feet and weighs 30,000 pounds. It stands on a high pedestal of white marble.

The whole city is surrounded with fortifications inclusive of many of the suburbs.—This was done under Louis Phillippe, at a cost of 140,000,000 francs. They were made by erecting ninety-four bastions, each being eleven hundred feet in length, with a continued ditch in front, lined with solid masonry, about eighteen feet deep and from fifty to one hundred and fifty in width. From the bottom of the ditch to the top of the parapet, it is forty-six feet. At different points are placed draw bridges, magazines, &c. It would be rather more difficult to take this city now, than it was in 1814 by the allied armies.

Within this circle at a considerable distance, are the boulevards *exterieur*, to distinguish them from others more interior. These are very wide streets or avenues lined with forest and ornamental trees, and are the resort of those who like a pleasant drive. They were originally the space used for the outer walls of the city, and were built by Phillip Augustus in 1290. By a decree of Louis XIV, the old walls and towers which then had got much dilapidated, were torn down and the ditches filled up. The same may be said of the boulevards *interieur*—but at what time these were made I cannot learn. It must have been done at an early date, for they now form the most beautiful streets in the city. They resemble Broadway, New York, only are nearly double in width.

Generally, every public building as well as everything else, is on a gigantic scale in Paris.—One day I went down to the Bourse, which answers to an exchange building in the United States. Knowing that a similar building in Wall street was a very fine one, and that on some pleasant days I had seen a hundred people or more of the solid men of that street closing business there in a quiet way, I was prepared to see about the same thing. But on reaching it I saw that it was one of the most splendid buildings in the city. It was commenced in 1808 and finished in 1826. Its form is that of a parallelogram, being 212 feet in length, by 126 in breadth. The material resembles granite. It is surrounded by a range of sixty-six Corinthian columns. These columns support an entablature and a masked attic—both form a covered gallery, which is approached by a flight of steps extending the whole length of the western front. Between each column there are two ranges of windows, seperated by a Doric entablature and surmounted by a decorated frieze. At the corners of this beautiful edifice are four statues, representing commerce, justice, industry, and agriculture. In the interior, in the center of the building, there is one spacious hall, 116 feet in length by 76 in width. This easily accommodates 2000 persons. Around this are two tiers of arcades in the Doric order, the basement of which as well as the sides of the hall, are of marble. The hall is lighted from the roof, which is covered with drawings in the form of bas-reliefs, representing various subjects of commerce, arts, &c. The figures are about ten feet in height. The number of offices on the sides and ends of the building are sixteen. A side stair-case on either side leads to the offices above and to the hall of the tribunal of commerce—also to the spacious galleries overlooking the great hall first described. These are supported by Doric columns and from which is a fine view of the vaulted roof above, and its decorations. At the other end is the court of bankruptcy, which also has a decorated vaulted roof, covered with beautiful paintings, representing trade, commerce, &c. The great hall, the space around it, and these galleries must contain a great many persons when full.

But what attracted my attention the most, was the noise and confusion which reigned in the great hall. It was crammed just as full as it could possibly be with men standing up. Each one seemed to be screaming at the top of his voice. They generally formed circles where they were yelling at the highest pitch, but they addressed no particular person—in fact, there seemed to be neither head nor tail to the crowd. Every few moments each one would stop to make a few figures on a slip of paper which was handed to a messenger, and he would disappear to an outsider, I suppose. I never expected to have seen a living personification of Babel—but if any one is curious enough to see it, let him visit "La Bourse," in Paris. For an explanation of this strange scene I asked an English resident how they could do business in such confusion, and what the *modus operandi* was? He said the whole thing had struck him the same way, and that no one could understand it but themselves. Subsequently I learned that government appoints sixty *agents de change*; sixty *courtiers de commerce*, and eight *courtiers de assurance*, and that these concluded the business. All sales of stock, railroad shares, bills of exchange, and other securities are negociated here.

The main business of France is done with a metallic currency. There is but one bank that issues bills, and that is the bank of France, which is certainly under government. This bank issues bills of the denomination of 5000 francs, 1000 francs, 500 francs, 200 francs, and since 1848 of 100 francs. All other bankers do what we call a brokerage business.

Here is a fact worthy of consideration to those in Wisconsin who receive Georgia shin-plasters. No man here loses his earnings by the failure of rotten banks. If the French government have other failings, it looks with a jealous eye and has a watchful care of the laborer, who in fact creates the only wealth belonging to any country.

One of the Correspondents.

Many of our readers will remember D. S. Crandall, who, in the year when we tried (and failed) to elect Gen'l Scott, was on hand at one of our gatherings and made a comically curious speech, provoking cachinnation irresistible. He used to edit the Lockport (N. Y.) *Courier*, and made it a gem of a paper; then he was western agent for the Canada railroad—and then—but we do not know what came next, but he at last found himself up in Door Co., in this State, in the lumber business, at Sturgeon Bay, near by where somebody will one of these days cut a channel through from Lake Michigan into Green Bay at moderate expense, and save time and labor for navigators. Therefrom, our friend Daniel sends a letter to the Green Bay *Advocate*, from which we take the following "specimen bricks." Write to us, Crandall, there's a good fellow!—:

Sturgeon Bay, March 26, 1855.

Friend Robinson.—Who is Chapman, author of the Hand-Book of Wisconsin? I like Chapman. It would afford me great pleasure to grasp his "corn-stealers." He is on our side, and shows in his book that his "carnal natur'" is at enmity with the *name* of our county. In that our views are in harmony with Mr. Chapman's. We the inhabitants of Door county and Sturgeon Bay Plantations, do most earnestly protest, as well against the *name* of our county, as against being joined to Door county at all. Geographically, topographically, geologically, theologically, morally, socially, intellectually and commercially we belong to Brown county! Who *invented* Door county? One so sinning against free grace, creature comforts, and the everlasting fitness of things, should be sentenced to colonize Plum Island with steers, until his stock is large enough to keep a "dry dairy," keeping "Death's Door" between him and moral accountability.

We are sorry for Chapman. He is so ignorant—in reference to the quality of our land. He must have learned geography as I did French—without a teacher! He ought to travel, and if he will make an amateur excursion on foot from here to Bay Settlement, on the trail marked out by Nanico, (do I spell his name correctly?) self and *another* Indian, he will pass over a belt of farming lands unsurpassed in richness and beauty. The trip will be a novelty to him, as it will embrace the luxury of "camping out," substituting cedar boughs for the "green carpet of nature," and reposing with no covering but the high-arched, blue-vaulted, star lighted "canister" of heaven! Delicious! Hand Mr. Chapman the Preston Salts. Were there a passable road between this place and your city, these lands would soon find "settlers," though there is no "back country to induce the settlement of a village." Tell Mr. Chapman so when you meet him, and have him *print* it in his book.

After assurance that Sturgeon Bay does not fail to have stated preaching, albeit the congregation is somewhat mixed, he proceeds:

Spring has been "blowing his silver horn" down here, and came near blowing his horn off. *Such* a snoozer! The snow came in flakes, sheets, blankets, and pillow cases, and the wind whistling hornpipes, hurricanes, Auld Lang Syne, and Windham, set the snow to dancing the "nine of rumbles," and tossed it into heaps, piles, hills and mountains. Greenland and charity! and mercury in the "Gebomica" down below "Keno." When will the trees bud, the flowers bloom, the birds sing, and the lambs shake their woolly tails? *You* tell; but let them not "delay their coming," but come quickly. Let the twigs be "tufted with green," the meadows covered with "emerald velvet" starred with daisies, and blued with violets, mingling with the countless other graces and delights which come to gladden and adorn this "sweetest island in the sea of the seasons." But ugh! the snow lies still thick upon the earth—the shroud upon the bosom of the buried year; and old winter, holding high carnival, still reigns (I wish he would *rain*) lord paramount—his wheezy breath sighing through the verdureless forests, cold as the marble which lies hid in the bosom of Pentelicus.—Adieu. Time is up. The impulse which moved me to write to you came on with a "circle round the moon," and now goes off in an

Equinoctial Storm.

Nota Bene. You know Frank Pierce, the Postmaster General, and the "other fellers that tend the machine" down there in the District of "Columby." Now if you will just "pint" your paper at 'em—wet the muzzle, look to the "priming and britchin," and then *demand* that Sturgeon Bay be supplied with a mail twice a month, it will come sure as taxes. Do so, will you? Recollect we are an "election district" now, and if you will give us a "lick sideways," you can calculate upon our "sufferins" for any office "in the treasury of Sturgeon Bay, not otherwise appropriated." Election districts are not ungrateful. No fourth of July orator, in a frenzy of star-spangled-bannerism, with his coat-tails higher than his head, ever said so. It is *Republics* that are ungrateful, not election districts. Mind that. And then you will increase your list of *paying* subscribers by the operation.

We must be re-united to Brown county, so that we can 'tend Justice's court, be subpoened as witnesses, be summoned on juries, and *sue* one another. It will seem so much more like living in a Christian country. We could not get up a genuine old fashioned neighborhood quarrel and law-suit if all the gossips and scandal-mongers in the colony were to join in the undertaking. You will appreciate how "sharper than a serpent's tooth" are our regrets over these social berravements, and will aid us to the extent of your subscription list. We rely upon you.

Illinois Banks.—The Auditor of Illinois has issued the following circular:

Auditor's Office, Ill., Springfield, April 4, 1854

To the Holders of Notes of the Banks that are in Liquidation.

I am now prepared to redeem the circulating notes of the banks of this State that are in liquidation, at par, viz: The Farmers' Bank, The Phœnix Bank, The Union Bank, and the City Bank, situated at Chicago, and the Mechanics' and Farmers' Bank, at Springfield Ill.

Thos. H. Campbell, Auditor.

April 5, 1855.

Bank of Racine.—This institution, the oldest of our banks, has commenced a new era in its history. Mr. W. J. Bell, of Milwaukee, its late president, has retired from it, and in his place Mr. Isaac Taylor, of this city, occupies the presidency. The capital of the bank is nearly quadrupled.—It is needless for us to speak of the business habits and tact, the urbanity and kindness of its officers, cashier, tellers and book keepers, all who have ever done business at its counter know without words of ours, but it may not be amiss to say that in its new president it has secured a man, far-seeing, shrewd, able, and industrious beyond any other business man of whom we have any knowledge. He has one other qualification for the position which though not often made account of is of prime necessity—he is a "lucky man"—which means that he never yet has undertaken anything that he has not successfully carried through.—[Racine Democrat.

CITY MATTERS.

POLICE COURT.—April 10.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

Another Woman Whipper.—A man named Peter Zahn was brought down from jail by constable Kessler and tried for beating his wife Monica Zahn. The defendant, who was in the habit of beating his wife—who was his second one, and it was stated by a number in Court that he used to beat his former one and that she ended a miserable life by cutting her throat—plead ed not guilty, the evidence was plain against him that he beat her, choaked her, scratched her hand and cut her eye. The Court found the man guilty and sentenced him to twenty dollars fine, and to stand committed till the fine was paid; the fine and costs amounted to $25,12; the defendant left with the constable to obtain the amount, the court telling him that if he was again brought up for such an offense he would inflict the highest punishment the law would permit him.

A warrant was issued against Simon Weister for assault and battery upon Franz A. Dilgner on the 9th of April.

At the Ship Yards.—Capt. Jones quite surprised himself and all mankind, by launching yesterday, with masts standing, the handsome schooner *J. M. Jones*, of 150 tons, just built for the lumber trade.

He has well-under-way, and ready for launching next week, a schooner of 250 tons, of good model and substantially built, for the produce and frieghting trade. Besides these, he is repairing the brigs *Robert Burns* and *Algomah*, 3 masted schooner *Cherubusco* and several others, while the propeller *Pocahontas* is waiting her turn.

Next below Capt. Jones' yard, a schooner of 110 tons is nearly completed, built and owned by a party of Norwegians.

At Capt Barber's yard, the work is progressing on a schooner of 150 tons, to be launched in about three weeks, for A Sweet & Co., to be used in conveying stores, &c., to and between the various lighthouses to be erected on Lake Superior, for which they have the contract from Government.

Ontario and Simcoe Railway.—The season card of this new road will be found in our columns. The route cannot fail to be an exceedingly popular one, being quick and pleasant, and a novelty, all of which points have their charms for various travellers. The fine steamers *Keystone State*, *Niagara*, and *Lady Elgin*, are to form the tri-weekly line between the Lake Michigan ports and Collingbourn, at the foot of Lake Huron.—Hence the traveller is taken by railroad across Canada to Toronto, and thence by commodious steamers to Rochester. We trust that some of our readers will make the first trip, and report progress.

Connections are to be made with the Green Bay and the Lake Superior steamers, at Mackinac.

Capt. Nicholson.—Capt. Nicholson, who commands this season the Steamer *Arctic*, of Clement's Line, is one of the daring, whole-souled men, who manned the boat which, in May of last year, rescued the wrecked mariners at Chicago. We miss the familiar face of Captain Butlin from the decks of the *Arctic*, but the owners of this favorite craft have provided a first rate successor.

Messrs. J. R. Lowell, of Cambridge, Mass., and Bayard Taylor, of New York, arrived in our city by the noon train from Madison, yesterday, and took lodgings at the Walker House. Mr. Russell delivered the closing lecture of the course before the Young Men's Association, at Young's Hall, last evening.

North Presbyterian Church.—We are requested to state that persons who desire to purchase pews in this church can obtain them on application to R. Menzies at the City Bank.

Board of School Commissioners.—This Board holds an adjourned meeting in the Common Council room, at seven o'clock *this* (Wednesday) evening.

The *Traveller* arrived from Chicago, yesterday afternoon, with 75 passengers and a large freight for this port. After discharging she continued on to Sheboygan, and leaves here, for Chicago, this morning.

The *Pacific* leaves here for Chicago at 8 o'clock this evening.

Street Sprinkling.—Loud calls were made yesterday for the street Sprinkler; whoever starts first will ensure the best payment for keeping East Water and other streets free from dust during the summer.

Chandler & Jennings.—If anybody objects to the large use of capitals in the advertisement of Messrs Chandler & Jennings we have only to say that it requires a large assortment to set forth their variety of goods; and, besides, they are both capital fellows, and have as good a right to the big type as anybody. There must be something extraordinary or hand *this* time.

Collingbourn—is just one of the most tasteful painters and paperhangers about town—there is none better—and he has faced his advertisement around to the front, for the good of community. Philanthropic individual, is Collingbourn.

Teacher.—See notice of a young lady teacher of German and French.

Meeting of the Board of Supervisors.

The Board of Supervisors will hold a meeting next week, on what day we are not informed.—It may be well to call their attention to the House of Refuge Bill, which was passed by the last Legislature, as by that bill it is made their duty to take the initiatory steps for the erection of a House of Refuge, and as each Board has earnestly petitioned for the passage of such a bill we hope the present one will not be backward in forwarding the movement with despatch. In the last report of the State Prison Commissioner Mr. Starks, occurrs the following. "We have confined here, some three or four small boys, from the city of Milwaukee, from nine to fifteen years of age. A prison is no place for them.—Connected with some more aged and hardened criminals, whom perhaps, no punishment can reform, and no persuasion deter, it cannot, I fear, be even hoped that their case will be much bettered; and I sincerely hope that humanity will dictate, that a house of refuge be prepared for such young offenders, where they can, at least for a while, be secure from the evil associations of bad company, and be taught to lead the life of virtue and honesty." Added to this the fact, that Milwaukee County sends more than half the convicts to the State Prison the remarks of the Commissioner are entitled to much weight—there were at the date of the Prison Report seventy-one prisoners in the Prison and of these, Milwaukee County had sent *thirty-seven*. There is also another matter to which we would call the attention of the Board, that is, the landing of paupers in this, from other cities and we hope they will unite with the *Sentinel* in this, as they did in procuring the passage of the House of Refuge bill and urge upon the Common Council the passage of an Ordinance to prevent the receiving of paupers sent here from other cities.—This should be done without delay, before we are flooded with paupers, whose cost of transportation from Chicago has been *charged to Cook County*.

Real Estate Sales.—Yesterday, John Plankinton sold to S. M. Booth his lot on Spring st., occupied by Thos C. Cole as a meat market, 120 feet deep and extending—so the deed runs—to the middle of the river, for $8,000.

We hope to have a Printing Office there, one of these days, after our own heart.

Edward D. Holton sold his lots, adjoining the above, between the meat market and Goodall's block, 40 ft. front and 120 deep, to John Plankinton, for $10,000. Also his house and lot on Third street, to J. W. Vail, for $3,500.—[Free Democrat.

Stevens Point Land Office.—The *Pinery* of the 5th instant says, that the cash sales at the Stevens' Point Land Office, for the quarter ending March 31st, were $45,661.06.

Fourth Judicial Circuit.—The Oshkosh *Courier* of the 7th inst., reports a "close fit" in the election for Judge of the 4th Circuit, with the chances in favor of Gorsline. Winnebago and Fond du Lac counties are put down at 2,200 majority for Flint, and Sheboygan, Manitowoc and Calumet at 2,200 for Gorsline. We still think the latter elected.

Female Complaints Effectually Cured by Holloway's Pills.—Mrs. Mary Pearson, of Market-st., Missouri, aged 45, about two years ago was thrown on a bed of sickness for several weeks. Her arms and legs became much swollen, and it appeared to the medical men whom she consulted, at this period of life, that she was dropsical.—She gradually grew worse, until all hope of her being cured was abandoned by her husband and friends. At this crisis Mr. Pearson persuaded her to have recourse to Holloway's Pills, and by persevering with them for six weeks she was perfectly well. They are an excellent medicine for young females with obstructions in their health entering into womanhood.

We Have Heard of it Every Where.—The reputation of Dr. A. L. Adams' Liver Balsam for doing what it promises to do, and the wonderful cures which it has effected are so great, the people everywhere are as conversant with the good qualities of this Medicine as with "Household Words."

It does not become necessary to keep the public advised of this Medicine through the channel of the Press, as other Compounds are.—From its first introduction those individuals who have used it become living advertisements for it. If this should be noticed by the reader who is afflicted with any disease which this Medicine proposes to cure and is anxious to be restored to good health, our advice is get a bottle of Dr. A. L. Adams' Liver Balsam, take it and live. See testimonials in this paper.

The Most Successful American Book.

RUTH HALL:

A DOMESTIC TALE OF THE PRESENT TIME.

By Fanny Fern.

400 pp., 12mo. Cloth. Price, $1,25.

IT HAS BEEN RESERVED TO THIS DISTINguished authoress to achieve what may, under the circumstances, be regarded as the most brilliant success ever obtained by an American writer of fiction. "RUTH HALL," her first continuous story, though deriving no interest or popularity from connection with any of those vexed questions which agitate the public mind, has, in the two months since its first appearance, reached a greater sale than any other American work of fiction whatever within the same period. This extraordinary fact is, of itself, abundant evidence of the absorbing interest and graphic power of this remarkable work. We have in our possession several hundred reviews of "RUTH HALL," which have already appeared in the principal newspapers and periodicals. Nearly all of these pronounce it emphatically a work of genius, many predicting for it the largest sale of any American book, and devoting whole columns to its eulogism, while we have seen but a very few (not twelve in all) which deny its singular fascination.

"RUTH HALL" is for sale by Booksellers generally.

Baltimore, April 10th.

The Underwriters in this city have received from Wilmington, a copy of an affidavit, made by one of the crew of the ship James Chester. He alleges that the captain was suffering from *Mania a Potu*, nearly the whole voyage; that the auger holes were board by the captain and mate; that there was no necessity for abandoning the ship and that part of the crew refused to sign the Captains protest when they were offered $100 to do so.

The Com. of the Common Council, to whom was referred, the subject of a New City Hall made their report last night unanimously, recommending the plan of Messrs. Gilbert and Jackson, which involves an out lay of $1,250,000.

ELECTION RIOT.—Our hitherto quiet city was the theatre, on the 3d inst., of the most disgraceful riot that was ever "got up" in town. We were not present, but learn from those who were on the ground, that the trouble commenced in an attempt to mob Mr. Kramer, one of our oldest and most intelligent German citizens, for exercising his right of challenging a vote which he knew to be an illegal one.

This, in the eyes of a set of bigots, who seem to think no man, especially a German, has the right to think or act contrary to their orders, was a crime not to be forgiven; and accordingly they proceeded to one of the city drunkeries, and after imbibing a sufficient quantity of bad whiskey to raise their patriotism to the sticking point, organized a mob, and with flags flying, proceeded to the Court House—where the polls of the Second Ward were held—for the purpose of inflicting vengeance on Mr. Kramer. This was a sort of liberty which some of our citizens who were present, did not quite understand. They were not quite ready to see the only safeguard to the purity of the ballot-box stricken down, and the rioters were turned out of the room, and one of the ringleaders was arrested by the Sheriff, and taken before C. Coolbaugh, Esq., for a "breach of peace. A crowd of Germans now rushed into the Justice's office, and took the prisoner from the custody of the Sheriff, when a scene of intense excitement commenced. The Sheriff and a few of our best citizens were determined to see the law sustained, and the mob equally bent upon rescuing the prisoner; but law triumphed, and after some sore heads were "administered," the culprit was marched off, much against his will, to the Jail.

We regret this disturbance exceedingly, not only because it is a disgrace to the city, but it is out of just such occurrences that Native Americanism grows. * * * * *

If some men are to be supported *because they are foreigners*, they must expect, while human nature remains as it is, that other men will be supported *because they are not foreigners*. The worst possible enemies to our foreign born citizens are those who attempt, by appeals to their national prejudices, to influence their political action.

It is but justice to say that a large share of the intelligent portion of the Germans of this city were opposed to the action of the mob, and none denounced more severely, or rejoiced more heartily over the punishment of the rioters, than did many of our German friends.—[Oshkosh Democrat.

GOOD FOR BURKE.—We understand that last Tuesday, John Taylor, of Waupun, was circulating through the towns of Burke and Sun Prairie, in this county, passing himself off as Senator Taylor, of Sheboygan, and electioneering for Crawford, asserting that the latter had coincided throughout with the other judges of the court in his decisions in the habeas corpus case. The people, however, were not deceived; the result of his labors may be gathered from the fact that Burke, which has hitherto gone democratic by a heavy majority, gave Cole 76 to 26 for Crawford All right.—[Madison Journal.

MR. FOOTE IS REMOVED.—The rumor last week that Rev. H. Foote, was removed from the office of Trustee of the Blind Asylum proves to be true. Mr. Foote, has faithfully done his duty for six years, without any compensation, he is a man all parties and sects esteem, but he was opposed to the liquor traffic and has for this offense been removed, we have no doubt, at the request of Monk's Hall. It is an act of mean petty malice and will do Mr. Foote no harm, as he is well known and the reason is well understood why he is dropped. We shall have more to say on this affair, and the way the Asylum funds are being applied, hereafter.—[Janesville Free Press.

THE LARGEST TRAIN YET.—The train which arrived on the Michigan Central road Friday, at midnight, consisted of twenty-five long cars drawn by two locomotives and containing between twelve and thirteen hundred passengers.—[Chicago Dem Press, Monday.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it is in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must as consideration, enjoy a much higher estima than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property*, he becomes bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payment of which has not diminished his own worldly comforts during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute,

Men engaged in mer tile or manufacturing pursuits ever varying and uncert in their issue, *should insure.*

The farmer who has still a mortgage on his farm, *should insure,* at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

QUEEN'S PATENT PORTABLE FORGE AND BELLOWS!

THIS FORGE can be set where most convenient in light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists.

It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with ashes and cinders, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Slides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists, and for chemical operations,) all the fumes from of arsenic and acids being conducted through the stable-pipe, or will be open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the rams,) and for emigration to new countries, over all made in the public, and are successfully used by most of the st amers, and also by the U. S. Army and Navy. For sale by

RHODES' FEVER AND AGUE CURE,

OR,

NATURE'S INFALLIBLE SPECIFIC.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma. This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath, is the same in character wherever it exists,—North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the GREATEST DISCOVERY IN MEDICINE EVER MADE.

This specific is so harmless that it may be taken by persons of every age, sex or condition, and it will not substitute for one disease others still worse, as is too often the result in the treatment by Quinine, Mercury, Arsenic, and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation.

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident or traveler even in the most sickly or swampy localities, from any Ague or Billious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have another chill, by continuing its use according to directions.

It will immediately relieve all distressing results of Bilious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families and all classes. Farmers and all laboring men by adopting it as a preventative will be free from Ague or Billious attacks in that season of the year which, while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar. Liberal discounts made to the trade. Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country.

The Abandoned Ship.

BALTIMORE, April 10th.

The Underwrites in this city have received from Wilmington, a copy of an affidavit, made by one of the crew of the ship James Chester. He alleges that the captain was suffering from *Mania a Potu*, nearly the whole voyage; that the auger holes were board by the captain and mate; that there was no necessity for abandoning the ship and that part of the crew refused to sign the Captains protest, when they were offered $100 to do so.

BALTIMORE, April 10.

Capt. White of the abandoned ship Jas. Chester, has arrived in this city. He denies all knowledge of the auger-holes, and says that the vessel was water logged when she was abandoned.

NEW YORK, April 10.

The Com. of the Common Council, to whom was referred, the subject of a New City Hall made their report last night unanimously, recommending the plan of Messrs. Gilbert and Jackson, which involves an out lay of $1,250,000.

ELECTION RIOT.—Our hitherto quiet city was the theatre, on the 3d inst., of the most disgraceful riot that was ever "got up" in town. We were not present, but learn from those who were on the ground, that the trouble commenced in an attempt to mob Mr. Kramer, one of our oldest and most intelligent German citizens, for exercising his right of challenging a vote which he knew to be an illegal one.

This, in the eyes of a set of bigots, who seem to think no man, especially a German, has the right to think or act contrary to their orders, was a crime not to be forgiven; and accordingly they proceeded to one of the city drunkeries, and after imbibing a sufficient quantity of bad whiskey to raise their patriotism to the sticking point, organized a mob, and with flags flying, proceeded to the Court House—where the polls of the Second Ward were held—for the purpose of inflicting vengeance on Mr. Kramer. This was a sort of liberty which some of our citizens who were present, did not quite understand. They were not quite ready to see the only safeguard to the purity of the ballot-box stricken down, and the rioters were turned out of the room, and one of the ringleaders was arrested by the Sheriff, and taken before C. Coolbaugh, Esq., for a "breach of peace. A crowd of Germans now rushed into the Justice's office, and took the prisoner from the custody of the Sheriff, when a scene of intense excitement commenced. The Sheriff and a few of our best citizens were determined to see the law sustained, and the mob equally bent upon rescuing the prisoner; but law triumphed, and after some sore heads were "administered," the culprit was marched off, much against his will, to the Jail.

We regret this disturbance exceedingly, not only because it is a disgrace to the city, but it is out of just such occurrences that Native Americanism grows. * * * * *

If some men are to be supported *because they are foreigners*, they must expect, while human nature remains as it is, that other men will be supported *because they are not foreigners*. The worst possible enemies to our foreign born citizens are those who attempt, by appeals to their national prejudices, to influence their political action.

It is but justice to say that a large share of the intelligent portion of the Germans of this city were opposed to the action of the mob, and none denounced more severely, or rejoiced more heartily over the punishment of the rioters, than did many of our German friends.—[Oshkosh Democrat.

GOOD FOR BURKE.—We understand that last Tuesday, John Taylor, of Waupun, was circulating through the towns of Burke and Sun Prairie, in this county, passing himself off as Senator Taylor, of Sheboygan, and electioneering for Crawford, asserting that the latter had coincided throughout with the other judges of the court in his decisions in the habeas corpus case. The people, however, were not deceived; the result of his labors may be gathered from the fact that Burke, which has hitherto gone democratic by a heavy majority, gave Cole 76 to 26 for Crawford All right.—[Madison Journal.

MR. FOOTE IS REMOVED.—The rumor last week that Rev. H. Foote, was removed from the office of Trustee of the Blind Asylum proves to be true. Mr. Foote, has faithfully done his duty for six years, without any compensation, he is a man all parties and sects esteem, but he was opposed to the liquor traffic and has for this offense been removed, we have no doubt, at the request of Monk's Hall. It is an act of mean petty malice and will do Mr. Foote no harm, as he is well known and the reason is well understood why he is dropped. We shall have more to say on the affair, and the way the Asylum funds are being applied, hereafter.—[Janesville Free Press.

THE LARGEST TRAIN YET.—The train which arrived on the Michigan Central road Friday, at midnight, consisted of twenty-five long cars, drawn by two locomotives and containing between twelve and thirteen hundred passengers.—[Chicago Dem Press, Monday.

CAPITAL, - - - $2,500,000.
Guarantee Fund, $100,000, Deposited with the Comptroller of the State of New York.

The advantages offered by this Company are many, and the public are invited to call upon the Agent and make themselves acquainted with the System adopted by the Company, when they will be better able to decide whether Life Insurance is desirable or not, and at what Office it is their interest to insure.

The many reasons why Fire and Marine Insurance should be adopted, are incontrovertible; and Life Insurance, while it in no way interferes with, or undervalues these important institutions, has claims which no other system of insurance can have. Human existence must on consideration, enjoy a much higher estima than worldly property.

While the representative of a family lives, (although, through neglect to insure his *property*, he become bankrupt,) he supports his family; but at his *death*, dies also their means of support, unless he has saved them from want by an insurance on his life, which may be done by the payment of a small annual premium, the payments of which has not diminished his own worldly comforts during life.

If young, the annual payment will be light, and if insured with profits, the policy will be constantly growing more valuable, though the *premium* is not increased.

Clergymen and others who have a stated and regular income, *should insure*, well knowing that, at their death their families may be left destitute,

Men engaged in mer tile or manufacturing pursuits ever varying and uncert in their issues, *should insure*.

The farmer who has still a mortgage on his farm, *should insure*, at least to the extent of it, thereby enabling his family to pay off the debt in case of his death.

QUEEN'S PATENT PORTABLE FORGE AND BELLOWS!

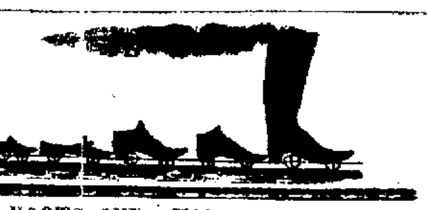

THIS FORGE can be set where most convenient for light and room, and the smoke conducted to the Chimney by a Pipe.

There are six sizes of Blacksmiths, Coppersmiths, &c. Forges, and five sizes of Jewelers, Dentists and Chemists. It is compact—the Twier Iron is of a superior construction—heats the iron in the quickest manner—the wind escapes from the hot-air chamber, through several holes in the Twier cap, which being under the fire, prevents the Twier from getting filled up with coal and ashes, as it will where there is but one opening. For out-door work and for safety in-doors, this Forge has great advantages over others, having two Sides by which the Forge can be closely shut up, and for safety and many purposes in-doors, (particularly for Jewelers, Dentists and for chemical operations,) all the fumes from all arsenic and acids being conducted through the smoke-pipe, or will also open they are entirely out of the way; it is also so constructed that fire or water cannot injure the Bellows, which is in the cylinder under the fire bed.

It is the best Forge for Contractors on Railroads, Public Works, (for making repairs on the same,) and for emigration to new countries, ever offered to the public, and are successfully used by most of the steamers, and also by the U. S. Army and Navy. For sale by

RHODES' FEVER AND AGUE CURE, OR, NATURE'S INFALLIBLE SPECIFIC.

FOR the Prevention and Cure of Intermittent and Remittent Fevers, Fever and Ague, Chills and Fever, Dumb Ague, General Debility, Night Sweats, and all other forms of disease which have a common origin in Malaria or Miasma. This subtle atmospheric poison which at certain seasons is unavoidably inhaled at every breath, is the same in character wherever it exists,—North, South, East or West,—and will everywhere yield to this newly discovered antidote, which is claimed to be the GREATEST DISCOVERY IN MEDICINE EVER MADE.

This specific is so harmless that it may be taken by persons of every age, sex or condition, and it will not substitute for one disease others still worse, as is too often the result in the treatment by Quinine, Mercury, Arsenic, and other poisonous or deleterious drugs, not a particle of any of which is admitted into this preparation.

The proprietor distinctly claims these extraordinary results from the use of this NATURAL ANTIDOTE TO MALARIA.

It will entirely protect any resident or traveler even in the most sickly or swampy localities, from any Ague or Billious disease whatever, or any injury from constantly inhaling Malaria or Miasma.

It will instantly check the Ague in persons who have suffered any length of time, from one day to twenty years, so that they need never have another chill, by continuing its use according to directions.

It will immediately relieve all distressing results of Billious or Ague diseases, such as general debility, night sweats, &c. The patient at once begins to recover appetite and strength, and continues until a permanent and radical cure is effected.

Finally, its use will banish Fever and Ague from families and all classes. Farmers and all laboring men by adopting it as a preventative will be free from Ague or Billious attacks in that season of the year which, while it is the most sickly, is the most valuable one to them.

One or two bottles will answer for ordinary cases, some may require more.

Directions printed in German, French and Spanish, accompany each bottle.

Price One Dollar. Liberal discounts made to the trade. Trade circulars forwarded on application, and the article will be consigned on liberal terms to responsible parties in every section of the country.

HERRING'S PATENT FIRE-PROOF SAFES.

THE SUBSCRIBER CONTINUES TO MANUFACTURE his unrivalled Patent Fire and Burglar Proof Safes, warranted equal to any and superior to some, of the many which have been tested, as published and noticed by the press throughout the world, for the last fifteen years; and is sole proprietor of Hall's Patent Powder Proof Lock, both having received separate medals at the World's Fair, London, 1851, and New York, 1853-'4; also the patentee (by purchase) of Jones' celebrated Patent Combination and Permutation Bank Lock. $1000 in gold was placed in the safe exhibited at the World's Fair, London, secured by Hall's and Jones' Lock, and offered as a reward to any one who would pick the locks or open the safe within forty-five days, and although operated on by several skilled in the art of lock-picking, no one succeeded in opening the safe (no change or alteration of the locks or keys having been made during the time,) but the money remained in its safe depository, and was restored to its proprietor, and a medal awarded for the champion safe of the world. Caution—None genuine except those having the subscriber's name on a metal plate.

USE THE

Magic Impression Paper!

For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroidery, Marking Linen indelibly, and

MANIFOLD WRITING.

THIS ARTICLE IS ABSOLUTELY THE BEST PORTABLE Inkstand in the known world; for a small quantity folded and placed in the pocket constitutes a travelling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in ONE LESSON. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and, indeed, a more tasteful present for a Lady could not be produced.

This Magic Paper will also mark Linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any CHILD can use it with perfect ease. With this Magic Paper, likewise, one or FOUR copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.

Each package contains four different colors—Black, Blue, Green, and Red, with full and printed instructions, for ALL to use, and will last sufficiently long to obtain Five Hundred distinct Impressions.

It is put up in beautifully enamelled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.

PRICE—$2 a Dozen; or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,

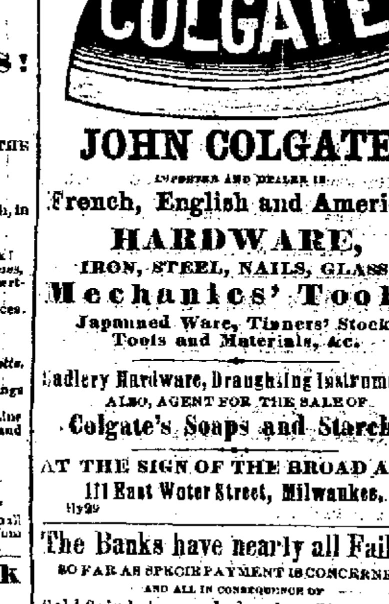

N. HUBBELL, 167 Broadway, N. Y.

"It is unsurpassed for neatness and utility, and should meet with the sale it richly deserves."—Tribune.

PIANO FORTE WARE-ROOM!

Where he will keep on hand a good assortment of the celebrated

AMERICAN ACTION PIANO FORTES,

Manufactured by GEORGE HEWS, of Boston, Mass.

The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:

From the Illustrious Pianist, L. M. GOTTSCHALK, to Mr. HEWS, Agent at New York:

NEW YORK, Dec. 5, 1843.

Mr. N. J. CURTISS:—

Dear Sir: Having had the pleasure of performing upon Geo Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.

Very Respectfully, L. M. GOTTSCHALK.

From the distinguished Pianist, WILLIAM MASON:

Mr. HEWS:—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.

WILLIAM MASON.

Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. These Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.

Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

Pianos Tuned and Repaired.

PATENT MEDICINES.

CHERRY PECTORAL,

or the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.

Office of Transportation, Laurens R.R., S.C., Aug. 4, '53.

DR. J. C. AYER: Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, in California, in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect
J. D. POWELL, Supt. Trans., L. R. R.

Rocky Hill, Somerset Co., N. J., July 21, 1852

DR. J. C. AYER:—Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.

P. S.—Almost any number of certificates can be sent you if you wish it.

Windsor, C. W., June 26, 1855.

DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the lungs, and I do not overrate my convictions when I tell you it is a priceless remedy.

Yours very respectfully,
D. A. McCLURE, Attorney at Law.

Wilkesbarre, Pa., Sept. 28, 1850.

DR. J. C. AYER—My dear Sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. I am your friend,

CHAS. STREATER, M. D.

MEXICAN MUSTANG LINIMENT

THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in the form of disease that comes within the circle of its influence.

The People Themselves

have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of thousands is fast sweeping away

The Prejudices of the Faculty.

It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!

Use the Mustang Liniment.

is the spontaneous advice of all.

It has cured more cases of

Rheumatism

than any other medecine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.

For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.

For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.

Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,

can generally be removed in a few days—and the worst cases can be cured in a few weeks at the furthest. Persons afflicted with these diseases, should be careful in getting the right article to cure them.

Use it upon Your Horses,

for spavin, splint, ring-bone, fistula, wind galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.

The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use

The Mustang Liniment,

totally discarding any other preparations of the kind, and have all given their certificate in its favor.

This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.

THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.

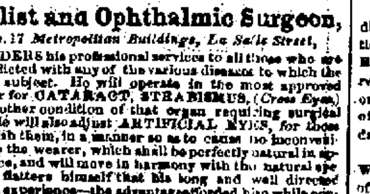

The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

PATENT MEDICINES.

A CURE FOR ALL!!

HOLLOWAY'S OINTMENT

Citizens of the Union:—

You have done me the honor with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. It is scarcely two years since I made it known among you, and already, it has obtained more celebrity than any other Medicine in so short a period. THOMAS HOLLOWAY,

28, Corner of Ann and Nassau Streets, New York.

CURE OF SORE LEGS, AFTER 9 YEARS STANDING.

Mr W. J. Langley, of Huntsville, Yadkin, North Caroline, suffered for nine years with one of the most painful and troublesome sore legs that ever fell to the lot of man; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends.

CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.

Mr. R. DURANT, of New Orleans, addressed Professor HOLLOWAY as follows:—For 7 years my wife had a bad breast, with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her; she was then induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co. of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.

Nov. 9th, 1852. (Signed) R. DURANT.

The Pills should be used conjointly with the Ointment in most of the following cases:—

Bad Legs	Contracted and	Lumbago	Sore-throat
Bad Breasts	Stiff Joints	Piles	Skin-diseases
Burns	Fistulas	Rheumatism	Scurvy
Bunions	Gout	Salt Rheum	Sore heads
Chilblains	Glandular	Scalds	Ulcers
Chapped hands	swellings	Sore nipples	Wounds.

** Sold at the establishment of Professor HOLLOWAY, 33, Corner of Ann and Nassau Streets, New York; also by all respectable Druggists and Dealers in Medicines throughout the United States, in Pots, at 37½ cents, 87 cents, and $1.50 cents each. To be had Wholesale of the principal Drug H uses in the Union.

There is a considerable saving by taking the larger sizes.

N. B. Directions for the guidance of patients in every disorder are affixed to each Pot.

To the Afflicted Everywhere,

DR. A. L. ADAMS' LIVER BALSAM

COMES GREETING!

DR. A. L. ADAMS' NEW CURE FOR DISEASE is awakening the inquiry in the minds of all who read it. How is it that Americans have been so long and so lavishly immured in darkness and ignorance on the subject of disease.

DR. A. A. ADAMS' LIVER BALSAM.

The great Panacea of Disease is offered as the remedy of the States and Territories for the entire cure of Liver Complaints in all stages, Bilious Fever, Ague and Fever, Chronic Lung Fever, Dropsical Affections, Coughs, Consumption, Asthma, Jaundice, Bowel Complaints, Diarrhoea, Dysentery, Rheumatism, Piles, Scrofula, Salt Rheum, Dyspepsia, General Debility, Nervousness, Costiveness, Indigestion, Female Complaints, &c.

Dr. A. L. Adams' Liver Balsam now sustains the highest reputation of any remedy before the public and has proved to the most skeptical, beyond a shadow of doubt that it is the only reliable medicine ever discovered! USE THE
Magic Impression Paper!
For Writing without Pen or Ink, Copying Leaves, Plants, Flowers, Pictures, Patterns for Embroideries, Marking Linen Indelibly, and
MANIFOLD WRITING.
THIS ARTICLE IS ABSOLUTELY THE BEST PORTABLE Inkstand in the known world; for a small quantity folded and placed in the pocket constitutes a travelling inkstand which cannot be broken. No pen is needed, for any stick sharpened to a point, writes equally as well as the best gold pen in the universe. For drawing it is indispensable. It is, indeed, the whole art of Drawing and Painting—taught in ONE LESSON. Any leaf, plant or flower can be transferred to the pages of an album with a minute and distinct resemblance of nature. With equal facility, pictures and embroidery patterns are taken, and have received the highest eulogiums from the fair sex; and, indeed, a more tasteful present for a lady could not be produced.
This Magic Paper will also mark Linen, or other articles, so as to remain perfectly indelible. All the washing in the world fails to bring it out. Any CHILD can use it with perfect ease. With this Magic Paper, likewise, one or four copies of every letter written can be secured without any additional labor whatever, making it the cheapest article extant. It is used to great advantage by reporters of the public press, telegraphic operators and hosts of others.
Each package contains four different colors—Black, Blue, Green, and Red, with full and printed instructions, for ALL to use, and will last sufficiently long to obtain Five Hundred distinct Impressions.
It is put up in beautifully enamelled, colored envelopes, with a truthful likeness of the Proprietor attached. Each and every package warranted.
PRICE—$2 a Dozen; or, Five for One Dollar. Single Packages, 25 Cents. Address, post-paid,
N. HUBBELL, 167 Broadway, N. Y.

A NEW
PIANO FORTE WARE-ROOM!
Where he will keep on hand a good assortment of the celebrated
AMERICAN ACTION PIANO FORTES,
Manufactured by GEORGE HEWS, of Boston, Mass.
The Patent American Action Piano Forte is distinguished for its great fullness, richness and sweetness of tone, evenness of scale, and delicacy of touch. The improvement in the Action renders it less liable to derangement, and also greatly facilitates execution. Numerous medals, diplomas and certificates have been received from various fairs and industrial exhibitions in different cities of the Union, from the World's Fair at London, and flattering testimonials from the profession, residents at Boston and elsewhere, among which are the following:
From the illustrious Pianist, L. M. GOTTSCHALK, to Mr. HEWS, Agent at New York:
NEW YORK, Dec. 5, 1843.
MR. N. J. CURTISS:—
Dear Sir: Having had the pleasure of performing upon Geo. Hews' American Action Piano at the World's Fair in this city the present year, and other of his Pianos at your Wareroom, which afforded me much gratification, I cheerfully recommend them to the public. I am very glad of the improvement in the action. These instruments likewise are of excellent tone, owing, no doubt, to the perfection of the scales.
Very Respectfully, L. M. GOTTSCHALK.
From the distinguished Pianist, WILLIAM MASON:
MR. HEWS—Having repeatedly played upon the Piano Fortes manufactured by you, with the American Action, I am free to acknowledge, that for certainty and elasticity of action, power, purity and equality of tone, I have never seen them surpassed in the square Piano Forte.
WILLIAM MASON.
Purchasers and lovers of music in general, are respectfully invited to call and examine these instruments. The Pianos will be sold at Boston prices, and warranted to give satisfaction in every respect.
Pianos to Let. Old Pianos taken in exchange, and liberal prices allowed.

PATENT MEDICINES.

CHERRY PECTORAL,
or the rapid Cure of
COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.
AMONG the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyments, and even prolong the term of human existence, none can be named of more real value to mankind, than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine or combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands *every year*. Indeed, there is *now* abundant reason to believe a Remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures effected by its use, but we would present the following, and refer further enquiry to my American Almanac, which the Agents below named, will always be pleased to furnish free, wherein are all particulars, and indisputable proof of these statements.
Office of Transportation, Laurens R.R., S.C., Aug. 4, '53.
DR. J. C. AYER: Dear Sir,—My little son, four years old, has just recovered from a severe attack of malignant Scarlet Fever, his throat was rotten, and every person that visited him pronounced him a dead child. Having used your CHERRY PECTORAL, *in California, in the winter of 1850*, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a teaspoonful every three hours, commencing in the morning, and by 10 o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.
Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it is the best medicine extant. A feeling of the deepest gratitude prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.
I am yours, with great respect
J. D. POWELL, Supt. Trans., L. R. R.
Rocky Hill, Somerset Co., N. J., July 21, 1852
DR. J. C. AYER:—*Since your medicine has become known here it has a greater demand than any other cough remedy we have ever sold.* It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where the best they can say of it is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I *feel gratified in seeing the benefit it confers.*
Please send me a further supply, and believe me
Yours, with respect, JOHN C. WHITLOCK.
P. S.—Almost any number of certificates can be sent you if you wish it.
Windsor, C. W., June 26, 1855.
DR. J. C. AYER—Sir:—This may certify that I have used your CHERRY PECTORAL for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. *It has cured me of a dangerous* affection of the lungs, and I do not overstate my convictions when I tell you it is a priceless remedy.
Yours very respectfully,
D. A. McCLURE, Attorney at Law.
Wilkesbarre, Pa., Sept. 28, 1850.
DR. J. C. AYER—My dear sir:—Your medicine is much approved by those who have used it here, and its composition is such as to insure and maintain its reputation. I invariably recommend it for pulmonary affections, as do many of our principal physicians. *I am your friend,*

MEXICAN MUSTANG LINIMENT
THIS EXTRAORDINARY MEDICINE IS STILL working wonders throughout the World—eradicating everything in *the form of disease* that comes within the circle of its influence.
The People Themselves
have long since adopted it as the only external remedy they could rely upon, and the indisputable testimony of *thousands is fast sweeping away*
The Prejudices of the Faculty.
It is extensively used by the Ladies,
It is used by Mechanics and Laboring men,
It is used in families and factories,
It is used expressly by all Express Companies,
It is used by Farmers and Livery stable keepers,
It is used by everybody, and all speak in its praise,
Where it is used, pain cannot exist,
The benumbed limbs are made elastic,
The deep ulcers and frightful sores are healed,
The unstrung nerves are made to vibrate with joy!
Use the Mustang Liniment.
is the spontaneous advice of all.
It has cured more cases of
Rheumatism
than any other medicine ever used. Its efficacy in this terrible disease is acknowledged by all who have used it. It not only cures the complaint, but appears to give vigor and elasticity to the limbs, before unknown—thus performing a double office.
For contractions of the limbs, stiffness of the joints and muscles, hard lumps, swellings and inflammations, it is unrivalled in the power and efficacy of its operations.
For Bruises, Sprains, Cuts, Scalds and Burns, but a few applications are necessary in order to effect a total cure.
Cancer, or Scrofulous Sores, Tetter, Ringworms, Salt Rheum, Scurvy, Erysipelas, Boils, and Eruptions,
can generally be removed in a few days—and the worst cases can be cured in a few weeks at the furthermost. Persons afflicted with these diseases, should be careful in getting the right article to cure them.
Use it upon Your Horses,
for spavin, splint, ring-bone, fistula, wind-galls, big-heads, bruises, strains, string halt, scratches, cracked heels, sweeney, saddle, collar, or harness galls, hard lumps or tumors, film or other diseases of the eye, poll-evil, &c.
The finest horses in the city of New York will be found in the stables of the various Express Companies—and they all use
The Mustang Liniment,
totally discarding any other preparations of the kind, and have all given their certificate in its favor.
This we presume will be a sufficient guarantee to induce every one who owns a horse, to give the Mustang a trial.
THERE is no Druggist or Country Store keeper
Who pretends to keep medicine at all,
But what keeps a constant supply of the
Mexican Mustang Liniment.
The small size retail for 25 cents per bottle,
The medium sized retail for 50 cents per bottle,
The large sized retail for one dollar per bottle,
The medium hold three times as much as the small.
The large holds nearly three times as much as the medium,
Therefore the largest bottles are the cheapest

A CURE FOR ALL!!

HOLLOWAY'S OINTMENT
Citizens of the Union:—
You have done me the honor with one voice, from one end of the Union to the other to stamp the character of my Ointment with your approbation. CURE OF SORE LEGS, AFTER 9 YEARS STANDING.
Mr. W. J. Langley, of Huntsville, Yadkin, North Caroline, suffered for nine years with one of the most painful and troublesome sore legs that ever *fell to the lot of man*; and after trying every medicine he had ever heard of, he resigned in despair all hope of being cured; but a friend brought him a couple of Pots of Holloway's Ointment, which caused the sores on his legs to heal, and he entirely regained his health, to the astonishment of his acquaintances and friends.
CURE OF A BAD BREAST, WHEN THE PATIENT WAS AT DEATH'S DOOR.
Mr. R. DURANT, of New Orleans, addressed Professor HOLLOWAY as follows:—For 7 years my wife had a bad breast, with ten running wounds, (not of a cancerous nature,) I was told that nothing could save her; she was thus induced to use your Ointment and Pills, when in the short space of three months, they effected a perfect cure, to the astonishment of all who knew us. We obtained your Medicines from Messrs. Wright & Co., of Chartres st., New Orleans. I send this from "Hotel des Princes," Paris, although I had written it at New Orleans, before we finally left, not knowing your address at New York.
Nov. 9th, 1852. (Signed) R. DURANT.
The Pills should be used conjointly with the Ointment in most of the following cases:—
